

Meeting	Session Format	Session Title	Track	First Name	Last Name	Institution
ASM Microbe 2019	Symposium	Maternal-Neonatal Microbiome in Health and Disease	CIV	Kjersti	Aagard	Baylor College of Medicine
ASM Microbe 2019	Track Hub	Fireside Chat with Zack Abbott, ASM Microbe Speaker	POM	Zack	Abbott	ZBiotics
ASM Microbe 2019	Track Hub	Turning your Ph.D. Training into Fun and (Hopefully) Profit	HMB	Zack	Abbott	ZBiotics
ASM Microbe 2019	Symposium	Global Elimination of Infectious Disease	CPHM	Ibrahim	Abubakar	University College London
ASM Microbe 2019	Cross-Track Session	Battle of the Brains: Clinical Microbiology and Infectious Diseases Trivia Competition (formerly known as Quizbusters)	CPHM	Kevin	Alby	University of North Carolina
ASM Microbe 2019	Symposium	Enzyme Promiscuity and Microbial Metabolism	MBP	Daniel	Amador-Noguez	University of Wisconsin
ASM Microbe 2019	Symposium	Microplastics - It's Everywhere	AES	Linda	Amaral-Zettler	NIOZ Royal Netherlands Institute for Sea Research & Utrecht University
ASM Microbe 2019	Symposium	PK/PD for My FDA Package? What Do I Need?	AAR	Paul	Ambrose	Institute for Clinical Pharmacodynamics, Inc.
ASM Microbe 2019	Meet-the-Experts	How Microbial Biogeography Affects Microbiome Composition and Assembly I	EEB	Cheryl	Andam	University of New Hampshire
ASM Microbe 2019	Symposium	Global Elimination of Infectious Disease	CPHM	Jon	Andrus	George Washington University
ASM Microbe 2019	Symposium	Antifungals New and Near	AAR	David	Angulo	Scynexis
ASM Microbe 2019	Symposium	The Up Goer Five Thing: Simple Words for Tiny-Life Studies	POM	Medini	Annavajhala	
ASM Microbe 2019	Symposium	How Systems Biology Will Impact the Future of Vaccinology	CIV	Joann	Arce	Boston Children's Hospital
ASM Microbe 2019	Meet-the-Experts	Epidemiology and Management of Multidrug-resistant Candida Species	CIV	Maiken	Arendrup	Statens Serum Institut
ASM Microbe 2019	Symposium	Advances in Understanding Resistance and Management of Gram-positive Pathogens	CIV	Cesar	Arias	University of Texas Medical School at Houston
ASM Microbe 2019	Symposium	Literature Review	CPHM	Cesar	Arias	University of Texas Medical School at Houston
ASM Microbe 2019	Track Hub	Fireside Chat with David Aronoff, ASM Microbe Program Committee Co-Chair	CIV	David	Aronoff	Vanderbilt University
ASM Microbe 2019	Symposium	History of Microbiology Lecture	POM	David	Aronoff	Vanderbilt University
ASM Microbe 2019	Symposium	Building Collaborative and Cooperative Relationships Inside and Outside of the Hospital	CPHM	Vasilios	Athans	Hospital of the University of Pennsylvania
ASM Microbe 2019	Meet-the-Experts	Prosthetic Joint Infections - Diagnosis and Management Update	CIV	Paul	Auwaerter	Johns Hopkins University School of Medicine
ASM Microbe 2019	Track Hub	Paradigm Shifts: Using Wastewater and Coastal Water as a Resource for Public Health Monitoring	AES	Stephanie	Bachas-Daunert	Stanford University
ASM Microbe 2019	Track Hub	ASM on the Local Level: Leveraging Student Chapters for Education, Communication and Outreach	POM	Stephanie	Bachas-Daunert	Stanford University
ASM Microbe 2019	Symposium	Fundamental Dynamics of Microbial Colonization and Transmission	HMB	Kelly	Bachta	Northwestern University
ASM Microbe 2019	Track Hub	Applying Long-Read Sequencing to Enable Genome Mining of Biosynthetic Clusters	AES	Scott	Baker	Pacific Northwest Natl. Lab.
ASM Microbe 2019	Track Hub	How Microbial Biogeography Affects Microbiome Composition and Assembly III	EEB	David	Baltrus	University of Arizona
ASM Microbe 2019	Symposium	Ten Years Since ESKAPE: Where Are We Now?	AAR	Fernando	Baquero	Ramón y Cajal University Hospital

<u>Meeting</u>	<u>Session Format</u>	<u>Session Title</u>	<u>Track</u>	<u>First Name</u>	<u>Last Name</u>	<u>Institution</u>
ASM Microbe 2019	Symposium	Stuck on You: Mucin-Microbe Interplay in Health and Disease	HMB	Jeremy	Barr	Monash University
ASM Microbe 2019	Track Hub	Fireside Chat with Hazel Barton, Editor, and Select Authors, Women in Microbiology	POM	Hazel	Barton	University of Akron
ASM Microbe 2019	Symposium	Microbial Life in Subsurface Environments	AES	Hazel	Barton	University of Akron
ASM Microbe 2019	Symposium	Creating a Safe and Inclusive Environment in the #MeToo Era	POM	Hazel	Barton	University of Akron
ASM Microbe 2019	Track Hub	Fireside Chat with Hazel Barton, Editor, and Select Authors, Women in Microbiology	POM	Hazel	Barton	University of Akron
ASM Microbe 2019	Track Hub	Fireside Chat with Andreas Baumler, Editor-in-Chief, Infection and Immunity	HMB	Andreas	Baumler	University of California
ASM Microbe 2019	Symposium	No Cell Wall - No Problem: The Importance of <i>Mycoplasma spp.</i> in Clinical Medicine	CPHM	Cécile	Bébéar	University of Bordeaux
ASM Microbe 2019	Cross-Track Session	One Health Solutions for Tackling Antimicrobial Resistance	AAR	Jeff	Bender	University of Minnesota
ASM Microbe 2019	Symposium	Environmental Resistomes	AES	Johan	Bengtsson-Palm	University of Gothenburg
ASM Microbe 2019	Symposium	What is New in Stewardship? (Developed in Cooperation with SIDP)	AAR	Scott	Bergman	University of Nebraska Medical Center
ASM Microbe 2019	Meet-the-Experts	How to Build a Breakpoint - Relative Importance of the ECOV and PK/PD Target Attainment	AAR	SUJATA	BHAVNANI	Institute for Clinical Pharmacodynamics
ASM Microbe 2019	Track Hub	A Picture Puzzle Approach to Microbes, History and Art	CPHM	Adarsh	Bhimraj	Cleveland Clinic
ASM Microbe 2019	Symposium	Directing the Digester: How Pathogens Use Lysosomes to Build an Intracellular Niche	HMB	Helene	Bierne	Micalis Institute - INRA - University Paris Saclay
ASM Microbe 2019	Cross-Track Session	Battle of the Brains: Clinical Microbiology and Infectious Diseases Trivia Competition (formerly known as Quizbusters)	CPHM	Matthew	Binnicker	Mayo Clinic
ASM Microbe 2019	Symposium	The Up Goer Five Thing: Simple Words for Tiny-Life Studies	POM	Ryan	Blaustein	Northwestern University
ASM Microbe 2019	Meet-the-Experts	Veterinary Pathogens in the Human Clinical Microbiology Laboratory	CPHM	Joseph	Blondeau	Royal University Hospital
ASM Microbe 2019	Symposium	Molecular Insights from Experimental Evolution	EEB	Jesse	Bloom	Fred Hutchinson Cancer Research Center
ASM Microbe 2019	Track Hub	The Challenges of Treating Infections in the Immunocompromised Host	CIV	Emily	Blumberg	Perelman School of Medicine at the University of Pennsylvania
ASM Microbe 2019	Symposium	Using Experimental Manipulations to Investigate Ecology and Evolution in Microbial Communities	EEB	Lynne	Boddy	Cardiff University
ASM Microbe 2019	Symposium	When Bacteria Meet their Pathogen: Bacteriophage Defense in the Era of CRISPR	MBP	Joseph	Bondy-Denomy	U. California-San Francisco
ASM Microbe 2019	Meet-the-Experts	Top Ten Beta-Lactamase Papers	AAR	Robert	Bonomo	Case Western Reserve
ASM Microbe 2019	Symposium	Tackling CRE in Patients and Populations	CIV	Robert	Bonomo	Case Western Reserve University
ASM Microbe 2019	Symposium	Microplastics - It's Everywhere	AES	Uwe	Bornscheuer	Greifswald University
ASM Microbe 2019	Track Hub	Metamorphic Rock-Hosted Systems: Microbial Physiology and Activity	AES	Eric	Boyd	Montana State University
ASM Microbe 2019	Meet-the-Experts	Top Ten Beta-Lactamase Papers	AAR	Patricia	Bradford	Antimicrobial Development Specialists
ASM Microbe 2019	Meet-the-Experts	Aligning Healthcare-Associated Infections Reporting with Your Microbiology Lab	CPHM	Meghan	Brett	University of New Mexico College of Medicine

Meeting	Session Format	Session Title	Track	First Name	Last Name	Institution
ASM Microbe 2019	Symposium	Improving Global Public Health Through International Outreach and Capacity-Building	CPHM	Jana	Broadhurst	Stanford University
ASM Microbe 2019	Symposium	Bringing New Life and Technologies to Undergraduate Microbiology Courses	POM	Nichole	Broderick	University of Connecticut
ASM Microbe 2019	Symposium	What Role Can Microbiologists Play in Advocating for Pro-science Public Policy? (Organized by the ASM Public and Scientific Affairs Committee)	POM	Max	Bronstein	Audentes Therapeutics
ASM Microbe 2019	Meet-the-Experts	The Antibiotic Resistance Laboratory Network (ARLN)	CPHM	Richard	Brooks	Centers for Disease Control and Prevention
ASM Microbe 2019	Meet-the-Experts	Enabling Academia to Fill the Discovery Gap (Developed in Cooperation with GARDP, CARB-X, and REPAIR Impact Fund)	AAR	Robin	Broughton	NIAID/NIH
ASM Microbe 2019	Track Hub	But it's Not <i>E. coli</i> : Non-canonical Model Systems for Bacterial Physiology	MBP	Pamela	Brown	University of Missouri
ASM Microbe 2019	Cross-Track Session	Battle of the Brains: Clinical Microbiology and Infectious Diseases Trivia Competition (formerly known as Quizbusters)	CPHM	Kendall	Bryant	University of Nebraska Medical Center
ASM Microbe 2019	Cross-Track Session	Battle of the Brains: Clinical Microbiology and Infectious Diseases Trivia Competition (formerly known as Quizbusters)	CPHM	Alexandra	Bryson	Mayo Clinic
ASM Microbe 2019	Symposium	Novel Diagnostics for Pneumonia	CPHM	Blake	Buchan	Medical College of Wisconsin
ASM Microbe 2019	Track Hub	Hot off the Bench: Research from CPEP and Public Health Microbiology Fellows Session I	CPHM	Carey-Ann	Burnham	Washington University School of Medicine
ASM Microbe 2019	Track Hub	Hot off the Bench: Research from CPEP and Public Health Microbiology Fellows Session II	CPHM	Carey-Ann	Burnham	Washington University School of Medicine
ASM Microbe 2019	Track Hub	Fireside Chat with Carey-Ann Burnham, ASM Microbe Speaker	CPHM	Carey-Ann	Burnham	Washington University School of Medicine
ASM Microbe 2019	Track Hub	Pharma Pipeline Update: Part I	AAR	Christopher	Burns	St. Louis Venatorx
ASM Microbe 2019	Symposium	CHOMA - 75th Anniversary of the Discovery of Streptomycin, the First Broad-Spectrum Antibiotic	POM	Karen	Bush	Indiana University
ASM Microbe 2019	Cross-Track Session	Battle of the Brains: Clinical Microbiology and Infectious Diseases Trivia Competition (formerly known as Quizbusters)	CPHM	Susan	Butler-Wu	USC
ASM Microbe 2019	Track Hub	Best Practices for Biosafety in Teaching Laboratories	POM	Jeffrey	Byrd	St. Mary's College of Maryland
ASM Microbe 2019	Symposium	Antibiotic Effects Beyond Killing (Developed in Cooperation with ESCMID)	AAR	Amy	Cain	Wellcome Trust Sanger Institute
ASM Microbe 2019	Track Hub	Fireside Chat with Angela Caliendo and Nathan A. Ledebuer, Editors, Journal of Clinical Microbiology	CPHM	Angela	Caliendo	Brown Univ.
ASM Microbe 2019	Symposium	The Social Lives of Viruses	EEB	Craig	Cameron	The Pennsylvania State Univ.
ASM Microbe 2019	Meet-the-Experts	Update in Pediatric Vaccines from the Red Book	CIV	James	Campbell	CVD, University of Maryland School of Medicine
ASM Microbe 2019	Symposium	Second Messengers, Antibiotics and Small Molecule Regulators of Gene Expression	MBP	Elizabeth	Campbell	Rockefeller University
ASM Microbe 2019	Symposium	The Up Goer Five Thing: Simple Words for Tiny-Life Studies	POM	Sheldon	Campbell	Yale Sch. of Med.
ASM Microbe 2019	Symposium	Communicating Science in the Era of Alternative Facts	POM	Ilaria	Capua	University of Florida

Meeting	Session Format	Session Title	Track	First Name	Last Name	Institution
ASM Microbe 2019	Symposium	Anchoring Microbes to Biogeochemical Function	AES	Paul	Carini	University of Arizona
ASM Microbe 2019	Track Hub	Fireside Chat with Karen Carroll and Bobbi Pritt, Editors, MCM	CPHM	Karen	Carroll	Johns Hopkins University School of Medicine
ASM Microbe 2019	Symposium	Conundrums in Nomenclature of Microbial Pathogens and Clinical Significance	CPHM	Karen	Carroll	Johns Hopkins University School of Medicine
ASM Microbe 2019	Symposium	CHOMA - 75th Anniversary of the Discovery of Streptomycin, the First Broad-Spectrum Antibiotic	POM	E. Jane	Carter	Intl Union Against Tuberculosis and Lung Disease
ASM Microbe 2019	Symposium	Molecular Insights from Experimental Evolution	EEB	Anne-Ruxandra	Carvunis	University of Pittsburgh
ASM Microbe 2019	Symposium	PK/PD for My FDA Package? What Do I Need?	AAR	Mariana	Castanheira	JMI
ASM Microbe 2019	Symposium	Metabolic Engineering and Biocatalysis	AES	Subba Rao	Chaganti	University of Windsor
ASM Microbe 2019	Symposium	Anchoring Microbes to Biogeochemical Function	AES	Romy	Chakraborty	Lawrence Berkeley National Laboratory
ASM Microbe 2019	Track Hub	Applying Long-Read Sequencing to Enable Genome Mining of Biosynthetic Clusters	AES	Gregory	Challis	University of Warwick
ASM Microbe 2019	Meet-the-Experts	Engaging the Public, Politicians and Healthcare Professionals in Resolving the AMR Crisis	AAR	Henry	Chambers	San Francisco General Hospital
ASM Microbe 2019	Symposium	Molecular Interaction of Bacterial Proteins with Targets	HMB	Patricia	Champion	University of Notre Dame
ASM Microbe 2019	Track Hub	Practical Tips for Increasing Diversity in the Workplace	POM	Amy	Chang	American Society for Microbiology
ASM Microbe 2019	Symposium	CRISPR Tools	AES	Janice	Chen	Mammoth Biosciences
ASM Microbe 2019	Symposium	Antifungals New and Near	AAR	Sharon	Chen	Westmead Hospital
ASM Microbe 2019	Symposium	ID Fellows 101: Advances from the Bench to the Clinic	CIV	Marc	Chevrette	University of Wisconsin
ASM Microbe 2019	Symposium	Extremophilic Bioprocessing	AES	Dev	Chidambaram	University of Nevada, Reno
ASM Microbe 2019	Track Hub	Really Essential vs "Kind of Essential": Defining Gene Essentiality in the Era of Genomics	MBP	Peter	Chien	University of Massachusetts
ASM Microbe 2019	Symposium	Implementation and Impact of WGS for Surveillance, Infection Control and Outbreak Prevention	AAR	Isabel	Chinen	Instituto Nacional de Enfermedades Infecciosas
ASM Microbe 2019	Symposium	Moving Towards Practical Clinical Genomics	CPHM	Charles	Chiu	University of California San Francisco
ASM Microbe 2019	Track Hub	Emerging Viral Infections	CIV	Charles	Chiu	Univ. of California San Francisco
ASM Microbe 2019	Symposium	Precision Genomics in Infectious Diseases	CIV	Charles	Chiu	Univ. of California San Francisco
ASM Microbe 2019	Track Hub	Sexual Harassment in Academia: What We Know and How We Change the Culture	MBP	Seemay	Chou	University of California, San Francisco
ASM Microbe 2019	Symposium	Extreme Makeover: Cell Wall Edition	MBP	Seemay	Chou	University of California-San Francisco
ASM Microbe 2019	Meet-the-Experts	Epidemiology and Management of Multidrug-resistant Candida Species	CIV	Anuradha	Chowdhary	Vallabhbai Patel Chest Institute, University of Delhi, India
ASM Microbe 2019	Symposium	Incorporating Data Science and Reproducible Research Into Your Practice and Teaching	POM	April	Clyburne-Sherin	Code Ocean
ASM Microbe 2019	Symposium	The Role of Diet and Human Gut Microbiome on Health	AES	Darrell	Cockburn	Pennsylvania State University
ASM Microbe 2019	Symposium	Creating a Safe and Inclusive Environment in the #MeToo Era	POM	Rita	Colwell	University of Maryland
ASM Microbe 2019	Track Hub	Fireside Chat with Rita Colwell, ASM Microbe Speaker	MBP	Rita	Colwell	University of Maryland

Meeting	Session Format	Session Title	Track	First Name	Last Name	Institution
ASM Microbe 2019	Symposium	Reference Standards for Microbiome Research: A Path to Higher Data Quality	EEB	Rita	Colwell	University of Maryland
ASM Microbe 2019	Track Hub	Fireside Chat with Vaughn Cooper, ASM COMS Chair	EEB	Vaughn	Cooper	University of Pittsburgh
ASM Microbe 2019	Symposium	Bringing New Life and Technologies to Undergraduate Microbiology Courses	POM	Vaughn	Cooper	University of Pittsburgh, School of Medicine
ASM Microbe 2019	Symposium	Enzyme Promiscuity and Microbial Metabolism	MBP	Shelley	Copley	University of Colorado at Boulder
ASM Microbe 2019	Track Hub	Fireside Chat with Peggy Cotter, ASM Board of Directors	HMB	Peggy	Cotter	University of North Carolina at Chapel Hill
ASM Microbe 2019	Symposium	Microbiomes of Agricultural and Food Systems	AES	Paul	Cotter	Teagasc Food Research
ASM Microbe 2019	Meet-the-Experts	New Issues in Flu	CIV	Lynda	Coughlan	Icahn School of Medicine at Mount Sinai
ASM Microbe 2019	Track Hub	Integrative Human Microbiome Project: Resources for Multi-omic Data Access	AES	Heather	Creasy	University of Maryland School of Medicine
ASM Microbe 2019	Track Hub	Fireside Chat with Sean Crosson, COMS Member	MBP	Sean	Crosson	University of Chicago
ASM Microbe 2019	Symposium	Global Regulation from Genes to Systems	MBP	Sean	Crosson	Univ. of Chicago
ASM Microbe 2019	Track Hub	Eradication of <i>Helicobacter pylori</i>	AAR	Sheila	Crowe	University of California San Diego
ASM Microbe 2019	Symposium	ID Fellows 101: Advances from the Bench to the Clinic	CIV	James	Crowe	Vanderbilt University Medical Center
ASM Microbe 2019	Meet-the-Experts	Updates on Novel Therapeutic Approaches for the Treatment of Ebola Virus Disease	AAR	Ian	Crozier	Leidos Biomedical Research, Inc, in support to NIAID Integrated Research Facility at Fort Detrick
ASM Microbe 2019	Symposium	CRISPR Tools	AES	Bálint	Csőrgo	University of California-San Francisco
ASM Microbe 2019	Track Hub	Fireside Chat with Lisa Cuchara, COMS Member	CIV	Lisa	Cuchara	Quinnipiac University
ASM Microbe 2019	Meet-the-Experts	To Be or Not to Be an Academic Administrator	POM	Gloria	Culver	University of Rochester
ASM Microbe 2019	Symposium	On Your Bench, Get Set, Go! New Solutions for Your Old Microbiology Problems	CPHM	Scott	Cunningham	Mayo Clinic College of Medicine
ASM Microbe 2019	Cross-Track Session	Adapting to Your Neighbors	EEB	Kurt	Dahlstrom	California Institute of Technology
ASM Microbe 2019	Symposium	Bacterial Surface Molecules: Resistance and Immunity	HMB	Zachary	Dalebroux	University of Oklahoma Health Sciences Center
ASM Microbe 2019	Symposium	Pipeline Drugs to Treat Gram-positive, <i>C. Difficile</i> and Non-TB Mycobacterial Infections	AAR	Charles	Daley	Natl. Jewish Health
ASM Microbe 2019	Symposium	Diverse Functions of the Bacterial Cell Surface	MBP	Ankur	Dalia	Indiana University
ASM Microbe 2019	Symposium	Diagnosing Invasive Fungal Infections Using New and Old Methodologies	CPHM	Sanchita	Das	NorthShore University Health System
ASM Microbe 2019	Symposium	Global Elimination of Infectious Disease	CPHM	Nicholas	Day	Mahidol Oxford Medicine Research Unit
ASM Microbe 2019	Track Hub	Soil Microbiomes and Global Change	EEB	Kristen	DeAngelis	University of Massachusetts
ASM Microbe 2019	Symposium	Infections of the Opioid Epidemic	CPHM	Carlos	Del Rio	Emory University School of Medicine
ASM Microbe 2019	Symposium	Microbial Contributions to the Earth's Atmosphere	AES	Anne-Marie	DeLort	Institute of Chemistry of Clermont-Ferrand
ASM Microbe 2019	Track Hub	Developing New Tools for Non-Tractable Microbes	MBP	Adam	Deutschbauer	Lawrence Berkeley Natl. Lab.

<u>Meeting</u>	<u>Session Format</u>	<u>Session Title</u>	<u>Track</u>	<u>First Name</u>	<u>Last Name</u>	<u>Institution</u>
ASM Microbe 2019	Track Hub	Biomakerspaces: Getting Involved with Open Community Labs	POM	Patrik	D'haeseleer	Counter Culture Labs
ASM Microbe 2019	Meet-the-Experts	Putting Your Best (Targeted) Foot Forward: Marketing Yourself and Your Lab	POM	Anthony	Di Benedetto	Temple University
ASM Microbe 2019	Symposium	Recent Developments in the Malaria Drug Discovery, Development and Resistance (Supported Jointly by the Bill & Melinda Gates Foundation)	AAR	Thierry	Diagana	Novartis
ASM Microbe 2019	Symposium	Building Capacity and Talent: Increasing Diversity and Inclusion in the Microbial Sciences	POM	Samuel	Diaz-Munoz	University of California
ASM Microbe 2019	Track Hub	Fireside Chat with Daniel Diekema, ASM Microbe Speaker	CIV	Daniel	Diekema	Univ. of Iowa Hosp. and Clinics
ASM Microbe 2019	Symposium	The Year in Clinical Microbiology	CPHM	Daniel	Diekema	Univ. of Iowa Hosp. and Clinics
ASM Microbe 2019	Track Hub	Use of Animal Infection Models in the Evaluation of Novel Antimicrobial Therapies	AAR	Binh	Diep	University of California, San Francisco
ASM Microbe 2019	Track Hub	Dispelling Dogmas and Confronting Controversies - How Good Are Strongly Held Beliefs	AAR	Steve	Diggle	Georgia Tech
ASM Microbe 2019	Symposium	Incorporating Data Science and Reproducible Research Into Your Practice and Teaching	POM	Kimberly	Dill-McFarland	University of British Columbia
ASM Microbe 2019	Cross-Track Session	Funding of Enhanced Potential Pandemic Pathogen Research: The P3CO Process	CPHM	Dennis	Dixon	HHS/NIH/NIAID
ASM Microbe 2019	Meet-the-Experts	What's New in TB and Malaria Vaccines?	CIV	Hazel	Dockrell	London School of Hygiene and Tropical Medicine
ASM Microbe 2019	Cross-Track Session	Advocating for Better Diagnostic Testing in the United States	CPHM	Christopher	Doern	Virginia Commonwealth University Health System
ASM Microbe 2019	Cross-Track Session	Battle of the Brains: Clinical Microbiology and Infectious Diseases Trivia Competition (formerly known as Quizbusters)	CPHM	Christopher	Doern	Virginia Commonwealth University Health System
ASM Microbe 2019	Symposium	Clinical Management of Carbapenem-resistant Organisms in Light of Recent Drug Approvals	AAR	Yohei	Doi	University of Pittsburgh School of Medicine
ASM Microbe 2019	Symposium	What Do We Mean by Ecosystem Function?	AES	Julian	Donald	Université Paul Sabatier
ASM Microbe 2019	Meet-the-Experts	Targeting Carbapenemase-producing Enterobacteriaceae in Healthcare Sink Traps	AES	Rodney	Donlan	CDC
ASM Microbe 2019	Track Hub	Fireside Chat with Jim Kaper and Michael Donnenberg, Editors, EcoSal Plus	MBP	Michael	Donnenberg	Univ. of Maryland
ASM Microbe 2019	Track Hub	Fireside Chat with Timothy Donohue, ASM Secretary	MBP	Timothy	Donohue	Univ. of Wisconsin
ASM Microbe 2019	Track Hub	Antibiotic Preclinical Development 101	AAR	Thomas	Dougherty	Harvard Medical School
ASM Microbe 2019	Symposium	Second Messengers, Antibiotics and Small Molecule Regulators of Gene Expression	MBP	Simon	Dove	Boston Children's Hospital
ASM Microbe 2019	Symposium	Enzyme Promiscuity and Microbial Metabolism	MBP	Diana	Downs	Univ. of Georgia
ASM Microbe 2019	Symposium	Pipeline Drugs to Treat Gram-negative Infections	AAR	Michael	Dunne	Itherum Therapeutics
ASM Microbe 2019	Track Hub	Cheese Microbiomes - Diversity, Ecology and Flavor	AES	Rachel	Dutton	University of California San Diego
ASM Microbe 2019	Cross-Track Session	Where Silicon Valley and Microbiology Meet: Digital Technologies, Data Science, and Machine Learning	MBP	David	Dynerman	CZI Biohub
ASM Microbe 2019	Symposium	Bringing New Life and Technologies to Undergraduate Microbiology Courses	POM	Arwyn	Edwards	Aberystwyth University

<u>Meeting</u>	<u>Session Format</u>	<u>Session Title</u>	<u>Track</u>	<u>First Name</u>	<u>Last Name</u>	<u>Institution</u>
ASM Microbe 2019	Cross-Track Session	Dissecting Biological Interactions: From Cells to Kingdoms and Communities	MBP	Judith	Eisen	University of Oregon
ASM Microbe 2019	Symposium	What Do We Mean by Ecosystem Function?	AES	Farnon	Ellwood	University of the West of England, Bristol
ASM Microbe 2019	Track Hub	Fireside Chat with Melinda Engevik, ASM Microbe Speaker	HMB	Mindy	Engevik	Baylor College of Medicine
ASM Microbe 2019	Symposium	Stuck on You: Mucin-Microbe Interplay in Health and Disease	HMB	Melinda	Engevik	Baylor College of Medicine
ASM Microbe 2019	Symposium	Novel Diagnostics for Pneumonia	CPHM	Vicky	Enne	University College London
ASM Microbe 2019	Track Hub	But it's Not <i>E. coli</i> : Non-canonical Model Systems for Bacterial Physiology	MBP	Prahathees	Eswara	University of South Florida
ASM Microbe 2019	Symposium	Mechanisms of Bacterial Cell Division: Diversity and Conservation	MBP	Prahathees	Eswara	University of South Florida
ASM Microbe 2019	Symposium	Improving Global Public Health Through International Outreach and Capacity-Building	CPHM	Martin	Evans	American Society for Microbiology
ASM Microbe 2019	Symposium	CHOMA - 75th Anniversary of the Discovery of Streptomycin, the First Broad-Spectrum Antibiotic	POM	Doug	Eveleigh	Rutgers, The State University of New Jersey
ASM Microbe 2019	Cross-Track Session	New Agents Discovery Summary Session: Early New Antimicrobial Agents	AAR	Martin	Everett	Antabio
ASM Microbe 2019	Symposium	Impacting the Planet One Carbon at a Time: Fundamentals of Microbial Methane Metabolism	MBP	Ozge	Eyice	Queen Mary University of London
ASM Microbe 2019	Symposium	Diverse Functions of the Bacterial Cell Surface	MBP	Robert	Fagan	The Univ. of Sheffield
ASM Microbe 2019	Meet-the-Experts	MALDI: New Applications	CPHM	Clifton	Fagerquist	U.S. Department of Agriculture
ASM Microbe 2019	Track Hub	Organoids	HMB	Christina	Faherty	Massachusetts General Hospital/ Harvard Medical Sc
ASM Microbe 2019	Symposium	Microplastics - It's Everywhere	AES	Nicole	Fahrenfeld	Rutgers, The State University of New Jersey
ASM Microbe 2019	Symposium	Shedding Light on the Ecology and Evolution of Microbial Populations with Comparative Metagenomics	EEB	Luisa	Falcón	National University of Mexico (UNAM)
ASM Microbe 2019	Symposium	Progress in Detection of Antimicrobial Resistance: CLSI, FDA and Public Health Solutions	CPHM	John	Farley	US Food and Drug Administration
ASM Microbe 2019	Symposium	High Dimensional Analysis of Microbiome Dynamics	EEB	Karoline	Faust	KU Leuven
ASM Microbe 2019	Symposium	Microbial Species: Causes and Consequences of Heterogeneity in Microbial Populations	EEB	Edward	Feil	University of Bath
ASM Microbe 2019	Meet-the-Experts	NCBI, Antibiotic Resistance and a Million Genomes	AAR	Michael	Feldgarden	NCBI/NLM/NIH
ASM Microbe 2019	Symposium	Genomic Tools and Databases for Prediction of AMR (Developed in Cooperation with ESCMID)	CPHM	Michael	Feldgarden	NCBI
ASM Microbe 2019	Track Hub	Pitfalls and Consequences of the FDA Advisory Committee Process	AAR	Prabhavathi	Fernandes	Retired
ASM Microbe 2019	Track Hub	Fireside Chat with Rebecca Ferrell, ASM COMS Member	AES	Rebecca	Ferrell	Metropolitan State College of Denver
ASM Microbe 2019	Symposium	The Up Goer Five Thing: Simple Words for Tiny-Life Studies	POM	Rebecca	Ferrell	Metropolitan State College of Denver
ASM Microbe 2019	Track Hub	Fireside Chat with Hazel Barton, Editor, and Select Authors, Women in Microbiology	POM	Lorraine	Findlay	Nassau County Comm. Coll. and Med. Ctr.

<u>Meeting</u>	<u>Session Format</u>	<u>Session Title</u>	<u>Track</u>	<u>First Name</u>	<u>Last Name</u>	<u>Institution</u>
ASM Microbe 2019	Symposium	Microbes and Beyond: Multitrophic Interactions that Mediate Ecosystem Function	EEB	Mary	Firestone	UC Berkeley
ASM Microbe 2019	Meet-the-Experts	Microbiology Total Laboratory Automation: Experience from the Field	CPHM	Mark	Fisher	University of Utah
ASM Microbe 2019	Symposium	Infection Pathophysiology and Immune Responses	HMB	Suzanne	Fleiszig	UC Berkeley
ASM Microbe 2019	Symposium	What Do We Mean by Ecosystem Function?	AES	Karen	Foley	Utah State University
ASM Microbe 2019	Symposium	Antibiotic Resistance and Stewardship: Epidemiology, Detection and Impact on Stewardship	AAR	Derek	Forster	University of Kentucky
ASM Microbe 2019	Symposium	Harnessing Microbial Genetic Diversity to Understand Pathogenesis	EEB	Sarah	Fortune	Harvard University
ASM Microbe 2019	Cross-Track Session	Dissecting Biological Interactions: From Cells to Kingdoms and Communities	MBP	Kevin	Foster	University of Oxford
ASM Microbe 2019	Track Hub	Converting a CV into a Resume	POM	Shilpa	Gadwal	ASM
ASM Microbe 2019	Cross-Track Session	Microbiology Researchers at the Front Lines of Infection Outbreaks	POM	George	Gao	Institute of Microbiology, Chinese Academy of Sciences
ASM Microbe 2019	Cross-Track Session	Funding of Enhanced Potential Pandemic Pathogen Research: The P3CO Process	CPHM	Adolfo	García-Sastre	Mount Sinai School of Medicine
ASM Microbe 2019	Cross-Track Session	Microbiology Researchers at the Front Lines of Infection Outbreaks	POM	Jennifer	Gardy	Bill & Melinda Gates Foundation
ASM Microbe 2019	Track Hub	Building Microbe: Designing and Submitting Session Proposals for Microbe 2020	POM	Jennifer	Gardy	Bill and Melinda Gates Foundation
ASM Microbe 2019	Track Hub	Fireside Chat with Aimee Garlit, ASM Microbe Speaker	AES	Aimee	Garlit	Dogfish Head Craft Brewery
ASM Microbe 2019	Meet-the-Experts	What You Can You Do with HMB Training? Part III. Food & Beverage	HMB	Aimee	Garlit	Dogfish Head Craft Brewery
ASM Microbe 2019	Cross-Track Session	Evolution in the Wild	EEB	Nandita	Garud	UCLA
ASM Microbe 2019	Symposium	Literature Review	CPHM	Jose	Gatell	University of Barcelona
ASM Microbe 2019	Symposium	Microbes and Beyond: Multitrophic Interactions that Mediate Ecosystem Function	EEB	Stefan	Geisen	Netherlands Institute of Ecology
ASM Microbe 2019	Symposium	Pipeline Drugs to Treat Gram-positive, <i>C. Difficile</i> and Non-TB Mycobacterial Infections	AAR	Dale	Gerding	Loyola Univ. Chicago Stritch Sch. of Med.
ASM Microbe 2019	Symposium	<i>Clostridium difficile</i> Infection: Prediction, Probiotics and Prevention	CIV	Dale	Gerding	Loyola University
ASM Microbe 2019	Symposium	Understanding Changes in Multiplex Testing Reimbursement: The Ship Has Sailed, How Do We Move Forward?	CPHM	Paul	Gerrard	Palmetto GBA
ASM Microbe 2019	Symposium	Shedding Light on the Ecology and Evolution of Microbial Populations with Comparative Metagenomics	EEB	Rohit	Ghai	Institute of Hydrobiology, Biology Centre CAS
ASM Microbe 2019	Cross-Track Session	Adapting to Your Neighbors	EEB	Sean	Gibbons	Institute for Systems Biology
ASM Microbe 2019	Meet-the-Experts	Cystic Fibrosis Microbiology Updates	AAR	Peter	Gilligan	University of North Carolina
ASM Microbe 2019	Track Hub	Invasion and Persistence of <i>Staphylococcus aureus</i> : Insights from Genomics	CIV	Stefano	Giulieri	University of Melbourne
ASM Microbe 2019	Symposium	Using Experimental Manipulations to Investigate Ecology and Evolution in Microbial Communities	EEB	Sydney	Glassman	UC Riverside
ASM Microbe 2019	Meet-the-Experts	Career Opportunities and Journeys into Public Health Microbiology	CPHM	William	Glover	NC State Laboratory of Public Health
ASM Microbe 2019	Meet-the-Experts	Postdoc-ing in Industry and Government and Everything in Between	POM	Alan	Goggins	Merck & Co.

Meeting	Session Format	Session Title	Track	First Name	Last Name	Institution
ASM Microbe 2019	Track Hub	Dispelling Dogmas and Confronting Controversies - How Good Are Strongly Held Beliefs	AAR	Joanna	Goldberg	Emory Univ. Sch. of Med.
ASM Microbe 2019	Track Hub	Pitfalls and Consequences of the FDA Advisory Committee Process	AAR	Mark	Goldberger	Mark Goldberger MD MPH LLC
ASM Microbe 2019	Symposium	New Insights into the Mechanistic Basis of Bacterial Persistence	MBP	Andrew	Goodman	Yale University
ASM Microbe 2019	Symposium	High Dimensional Analysis of Microbiome Dynamics	EEB	Jeff	Gore	MIT
ASM Microbe 2019	Symposium	Second Messengers, Antibiotics and Small Molecule Regulators of Gene Expression	MBP	Rick	Gourse	U. Wisconsin-Madison
ASM Microbe 2019	Symposium	Antimicrobial Agents Lecture (formerly known as the ICAAC Lecture)	AAR	Barney	Graham	National Institutes of Health
ASM Microbe 2019	Symposium	Mechanisms of Bacterial Cell Division: Diversity and Conservation	MBP	Christophe	Grangeasse	CNRS
ASM Microbe 2019	Meet-the-Experts	Career Opportunities for the Clinical Microbiologist in Industry	POM	Ann	Grasmick	bioMerieux Inc (Retired)
ASM Microbe 2019	Track Hub	How to be a Great Clinical Lab Manager	CPHM	Kathy	Greenawalt	University of Pittsburgh Medical Center (UPMC)
ASM Microbe 2019	Track Hub	Effects of Climate Change on Microorganisms	AES	Amy	Greer	University of Guelph
ASM Microbe 2019	Symposium	Literature Review	CPHM	Aric	Gregson	AG Infectious Disease
ASM Microbe 2019	Symposium	Infection Pathophysiology and Immune Responses	HMB	Elizabeth	Grice	University of Pennsylvania
ASM Microbe 2019	Track Hub	Pharma Pipeline Updates: Part II	AAR	David	GRIFFITH	Qpex Biopharma
ASM Microbe 2019	Cross-Track Session	Biggest Blunders - Career Challenges in the Midst of Success Stories (Developed by the Junior Advisory Group)	POM	Carol	Gross	UCSF Med. Ctr.
ASM Microbe 2019	Track Hub	Fireside Chat with Carol Gross, ASM Microbe Speaker	MBP	Carol	Gross	UCSF Med. Ctr.
ASM Microbe 2019	Cross-Track Session	Dissecting Biological Interactions: From Cells to Kingdoms and Communities	MBP	Carol	Gross	U. California-San Francisco
ASM Microbe 2019	Meet-the-Experts	NCBI, Antibiotic Resistance and a Million Genomes	AAR	Daniel	Haft	National Center for Biotechnology Information, NIH
ASM Microbe 2019	Track Hub	Publishing 101: Looking behind the Manuscript at ASM Journals	POM	Ada	Hagan	ASM
ASM Microbe 2019	Meet-the-Experts	Enhancing your Science through Industry Relationships	POM	Elaine	Hamm	Ascend BioVentures
ASM Microbe 2019	Cross-Track Session	Biggest Blunders - Career Challenges in the Midst of Success Stories (Developed by the Junior Advisory Group)	POM	Jo	Handelsman	University of Wisconsin-Madison
ASM Microbe 2019	Track Hub	Fireside Chat with Jo Handelsman, ASM Microbe Speaker	AAR	Jo	Handelsman	University of Wisconsin-Madison
ASM Microbe 2019	Symposium	Community Microbiology: Moving Beyond Crowdsourcing to Active, Participatory Science by the Public	POM	Jo	Handelsman	University of Wisconsin-Madison
ASM Microbe 2019	Track Hub	Microbial Ecology at Macro Scales, Part II	EEB	China	Hanson	Queen Mary University of London
ASM Microbe 2019	Symposium	Recent Developments in the Malaria Drug Discovery, Development and Resistance (Supported Jointly by the Bill & Melinda Gates Foundation)	AAR	Kirsten	Hanson	University of Texas at San Antonio
ASM Microbe 2019	Cross-Track Session	Microbiology Researchers at the Front Lines of Infection Outbreaks	POM	Christian	Happi	Redeemer's University
ASM Microbe 2019	Symposium	Antibiotic Efficacy in Complex Environments and Cases	AAR	William	Harcombe	University of Minnesota
ASM Microbe 2019	Track Hub	Biomakerspaces: Getting Involved with Open Community Labs	POM	Eric	Harness	BioCurious
ASM Microbe 2019	Track Hub	Approaches to Treating Resistant Gram-negative Infections	CIV	Patrick	Harris	Univ. of Queensland Ctr. for Clin. Res.
ASM Microbe 2019	Cross-Track Session	Funding of Enhanced Potential Pandemic Pathogen Research: The P3CO Process	CPHM	Chris	Hassell	US Department of Health and Human Services
ASM Microbe 2019	Track Hub	Bacteriophage Discovery and Diversity: The Science of SEA-Phages	EEB	Graham	Hatfull	University of Pittsburgh

Meeting	Session Format	Session Title	Track	First Name	Last Name	Institution
ASM Microbe 2019	Symposium	When Bacteria Meet their Pathogen: Bacteriophage Defense in the Era of CRISPR	MBP	Asma	Hatoum-Aslan	University of Alabama
ASM Microbe 2019	Symposium	Communicating Science in the Era of Alternative Facts	POM	Erika	Hayden	University of California, Santa Cruz
ASM Microbe 2019	Symposium	Tackling CRE in Patients and Populations	CIV	Mary	Hayden	Rush University Medical Center
ASM Microbe 2019	Symposium	Advances in Vaccine Manufacturing Technology (Supported Jointly by the Bill & Melinda Gates Foundation)	CIV	Nicholas	Heaton	Duke University School of Medicine
ASM Microbe 2019	Meet-the-Experts	Definitive Treatment for Penicillin Allergies: How Do We Improve Antimicrobial Stewardship? (Developed in Cooperation with SIDP and ACCP ID PRN)	AAR	Emily	Heil	University of Maryland
ASM Microbe 2019	Cross-Track Session	New Agents Discovery Summary Session: Early New Antimicrobial Agents	AAR	Christopher	Heise	Genentech
ASM Microbe 2019	Symposium	Breakthroughs in Fungal Genomics	AES	Joseph	Heitman	Duke University School of Medicine
ASM Microbe 2019	Track Hub	Fireside Chat with Joseph Heitman, ASM Microbe Speaker	AES	Joseph	Heitman	Duke Univ.
ASM Microbe 2019	Symposium	That's So Metal - Trans-Kingdom Strategies for Metal Homeostasis	MBP	John	Helmann	Cornell University
ASM Microbe 2019	Symposium	Bacterial Membrane Machines	HMB	David	Hendrixson	University of Texas Southwestern Medical Center
ASM Microbe 2019	Meet-the-Experts	Microbiology Total Laboratory Automation: Experience from the Field	CPHM	Rhonda	Hensley	ARUP Laboratories
ASM Microbe 2019	Track Hub	Insights on Industry Careers for Microbiologists	MBP	Douglas	Higgins	Pivot Bio Inc.
ASM Microbe 2019	Symposium	Movers and Shakers: How Bacteriophages Influence Health and Disease	HMB	Colin	Hill	University College Cork
ASM Microbe 2019	Symposium	Creating a Safe and Inclusive Environment in the #MeToo Era	POM	Elizabeth	Hillman	Mills College
ASM Microbe 2019	Meet-the-Experts	Should I Stay or Should I Go? Avoiding a Mid-Career Crisis as a Bench-Level Technologist	POM	Janet	Hindler	UCLA
ASM Microbe 2019	Symposium	Precision Editing of the Microbiome to Alter Health and Disease	HMB	Brian T.	Ho	ISMB at University College London/Birkbeck
ASM Microbe 2019	Cross-Track Session	Adapting to Your Neighbors	EEB	Kevin	Hockett	Pennsylvania State University
ASM Microbe 2019	Symposium	Incorporating Data Science and Reproducible Research Into Your Practice and Teaching	POM	Chris	Holdgraf	Berkeley Institute for Data Science
ASM Microbe 2019	Cross-Track Session	Where Silicon Valley and Microbiology Meet: Digital Technologies, Data Science, and Machine Learning	MBP	Susan	Holmes	Stanford University
ASM Microbe 2019	Track Hub	Tackling AMR in Low and Middle Income Countries	CIV	Alison	Holmes	Imperial College
ASM Microbe 2019	Symposium	Infections of the Opioid Epidemic	CPHM	Deborah	Holtzman	CDC (former)
ASM Microbe 2019	Track Hub	Fireside Chat with David Hooper, Chair, Meeting Strategy Committee	AAR	David	Hooper	Massachusetts Gen. Hosp.
ASM Microbe 2019	Symposium	Decolonizing the Epithelium, Pros and Cons	CIV	Susan	Huang	University of California Irvine School of Medicine
ASM Microbe 2019	Symposium	Creating a Safe and Inclusive Environment in the #MeToo Era	POM	Bryce	Hughes	Montana State University
ASM Microbe 2019	Track Hub	Fireside Chat with Romney Humphries, ASM Microbe CPHM Track Leader	CPHM	Romney	Humphries	Accelerate Diagnostics
ASM Microbe 2019	Track Hub	Spectacular Oratorical Microbiological Throw-Down	CPHM	Romney	Humphries	Accelerate Diagnostics, Inc
ASM Microbe 2019	Track Hub	Integrative Human Microbiome Project: Resources for Multi-omic Data Access	AES	Curtis	Huttenhower	Harvard Univ. Sch. of Publ. Hlth.
ASM Microbe 2019	Track Hub	Approaches to Treating Resistant Gram-negative Infections	CIV	Angela	Huttner	University Hospitals of Geneva

Meeting	Session Format	Session Title	Track	First Name	Last Name	Institution
ASM Microbe 2019	Meet-the-Experts	To Be or Not to Be an Academic Administrator	POM	Michael	Ibba	The Ohio State University
ASM Microbe 2019	Symposium	Understanding Changes in Multiplex Testing Reimbursement: The Ship Has Sailed, How Do We Move Forward?	CPHM	Stephanie	Ibbotson	Luminex Corporation
ASM Microbe 2019	Symposium	Improving Global Public Health Through International Outreach and Capacity-Building	CPHM	Emmanuel	Idigbe	Africa CDC
ASM Microbe 2019	Symposium	Improving Global Public Health Through International Outreach and Capacity-Building	CPHM	Aamer	Ikram	NIH, Pakistan
ASM Microbe 2019	Symposium	Antibiotic Efficacy in Complex Environments and Cases	AAR	Lejla	Imamovic	Technical University of Denmark
ASM Microbe 2019	Track Hub	Meet the ASM Journals Editors	POM	Michael	Imperiale	University of Michigan
ASM Microbe 2019	Track Hub	Fireside Chat with Michael Imperiale, Editor-in-Chief, mSphere	POM	Michael	Imperiale	University of Michigan
ASM Microbe 2019	Symposium	Bench Level Decision-Making	CPHM	Carlos	Isada	Cleveland Clinic
ASM Microbe 2019	Track Hub	Azithromycin in Global Health	CIV	Rasa	Izadnegahdar	Bill and Melinda Gates Foundation
ASM Microbe 2019	Symposium	Reference Standards for Microbiome Research: A Path to Higher Data Quality	EEB	Scott	Jackson	NIST
ASM Microbe 2019	Symposium	Fundamental Dynamics of Microbial Colonization and Transmission	HMB	Marcelo	Jacobs-Lorena	John Hopkins University
ASM Microbe 2019	Symposium	Pipeline Drugs to Treat Gram-negative Infections	AAR	Akash	Jain	Spero Therapeutics
ASM Microbe 2019	Symposium	Metabolic Engineering and Biocatalysis	AES	Laura	Jarboe	Iowa State University
ASM Microbe 2019	Symposium	The Up Goer Five Thing: Simple Words for Tiny-Life Studies	POM	Jessica	Jarett	AnimalBiome
ASM Microbe 2019	Symposium	Maternal-Neonatal Microbiome in Health and Disease	CIV	Heather	Jaspan	Seattle Children's Research Institute
ASM Microbe 2019	Cross-Track Session	Battle of the Brains: Clinical Microbiology and Infectious Diseases Trivia Competition (formerly known as Quizbusters)	CPHM	Sophonie	Jean	Wash U
ASM Microbe 2019	Symposium	Updated Mechanisms of Drug Resistance: How, When, Why and Where	AAR	Katy	Jeannot	Université de Franche-Comté
ASM Microbe 2019	Symposium	Progress in Detection of Antimicrobial Resistance: CLSI, FDA and Public Health Solutions	CPHM	Stephen	Jenkins	Weill Cornell Medical College and New York/Presbyterian Hospital/Weill Cornell Medical Center
ASM Microbe 2019	Symposium	That's So Metal - Trans-Kingdom Strategies for Metal Homeostasis	MBP	Michael	Johnson	University of Arizona
ASM Microbe 2019	Track Hub	Fireside Chat with Marian Johnson-Thompson, ASM Microbe Speaker	POM	Marian	Johnson-Thompson	Natl. Inst. of Environ.Health Sciences (retired)
ASM Microbe 2019	Track Hub	Practical Tips for Increasing Diversity in the Workplace	POM	Marian	Johnson-Thompson	Natl. Inst. of Environ.Health Sciences (retired)
ASM Microbe 2019	Meet-the-Experts	Definitive Treatment for Penicillin Allergies: How Do We Improve Antimicrobial Stewardship? (Developed in Cooperation with SIDP and ACCP ID PRN)	AAR	Bruce	Jones	St. Joseph's/Candler Health System, Inc
ASM Microbe 2019	Symposium	Building Capacity and Talent: Increasing Diversity and Inclusion in the Microbial Sciences	POM	Maiysha	Jones	Proctor and Gamble
ASM Microbe 2019	Symposium	On Your Bench, Get Set, Go! New Solutions for Your Old Microbiology Problems	CPHM	Melissa	Jones	UNC Healthcare
ASM Microbe 2019	Symposium	Global Regulation from Genes to Systems	MBP	Igor	Jouline	Ohio State University

Meeting	Session Format	Session Title	Track	First Name	Last Name	Institution
ASM Microbe 2019	Symposium	Community Microbiology: Moving Beyond Crowdsourcing to Active, Participatory Science by the Public	POM	Brooke	Jude	Bard College
ASM Microbe 2019	Cross-Track Session	Battle of the Brains: Clinical Microbiology and Infectious Diseases Trivia Competition (formerly known as Quizbusters)	CPHM	Sarah	Jung	Mayo Clinic
ASM Microbe 2019	Track Hub	Obtaining and Starting a Faculty Position: A Chat with New Assistant Professors	MBP	Brandon	Jutras	Virginia Tech
ASM Microbe 2019	Meet-the-Experts	The Antibiotic Resistance Laboratory Network (ARLN)	CPHM	Marion	Kainer	Tennessee Department of Health
ASM Microbe 2019	Cross-Track Session	Funding of Enhanced Potential Pandemic Pathogen Research: The P3CO Process	CPHM	Joseph	Kanabrocki	University of Chicago
ASM Microbe 2019	Track Hub	Fireside Chat with Jim Kaper and Michael Donnenberg, Editors, EcoSal Plus	MBP	James	Kaper	University of Maryland School of Medicine
ASM Microbe 2019	Track Hub	Mentoring, Getting it Right	POM	James	Kaper	University of Maryland School of Medicine
ASM Microbe 2019	Meet-the-Experts	How Microbial Biogeography Affects Microbiome Composition and Assembly II	EEB	Talia	Karasov	Max Planck Institute for Developmental Biology
ASM Microbe 2019	Track Hub	The BioCyc Microbial Genome Web Portal	MBP	Peter	Karp	SRI International
ASM Microbe 2019	Cross-Track Session	Host Modulation: Who's in Control?	HMB	Matthew	Kasson	West Virginia University
ASM Microbe 2019	Symposium	CHOMA - 75th Anniversary of the Discovery of Streptomycin, the First Broad-Spectrum Antibiotic	POM	Leonard	Katz	Lawrence Berkeley National Laboratory
ASM Microbe 2019	Symposium	Bench Level Decision-Making	CPHM	Rachel	Kenney	Henry Ford Hospital
ASM Microbe 2019	Track Hub	Fireside Chat with Reeti Khare, Author, Guide to Clinical and Diagnostic Virology	CPHM	Reeti	Khare	Northwell Health
ASM Microbe 2019	Symposium	Coming Full Circle: Adventures in Decentralization of Laboratory Testing	CPHM	Reeti	Khare	Northwell Health
ASM Microbe 2019	Symposium	What Role Can Microbiologists Play in Advocating for Pro-science Public Policy? (Organized by the ASM Public and Scientific Affairs Committee)	POM	Dilara	Kiran	Colorado State University
ASM Microbe 2019	Cross-Track Session	One Health Solutions for Tackling Antimicrobial Resistance	AAR	Amy	Kirby	Centers for Disease Control and Prevention
ASM Microbe 2019	Meet-the-Experts	How Microbial Biogeography Affects Microbiome Composition and Assembly II	EEB	Stephanie	Kivlin	University of Tennessee Knoxville
ASM Microbe 2019	Track Hub	Resource Recovery	AES	Birthe	Kjellerup	University of Maryland, College Park
ASM Microbe 2019	Symposium	Extreme Makeover: Cell Wall Edition	MBP	Eric	Klein	Rutgers University-Camden
ASM Microbe 2019	Track Hub	Fireside Chat with Hazel Barton, Editor, and Select Authors, Women in Microbiology	POM	Vanja	Klepac-Ceraj	Wellesley College
ASM Microbe 2019	Symposium	Finding Waldo: Identifying Patterns and Their Causes in Complex Systems from Guts to Global Oceans	AES	Vanja	Klepac-Ceraj	Wellesley College
ASM Microbe 2019	Symposium	ER Stressing Out: Microbial Manipulation of the Endoplasmic Reticulum Stress Response	HMB	Kimberly	Kline	Nanyang Technological University
ASM Microbe 2019	Symposium	Microbiomes of Agricultural and Food Systems	AES	Matthew	Koci	North Carolina State University
ASM Microbe 2019	Symposium	The Social Lives of Viruses	EEB	Katia	Koelle	Emory University

<u>Meeting</u>	<u>Session Format</u>	<u>Session Title</u>	<u>Track</u>	<u>First Name</u>	<u>Last Name</u>	<u>Institution</u>
ASM Microbe 2019	Track Hub	Life at the Edge of Sight: A Photographic Exploration of the Microbial World	MBP	Roberto	Kolter	Harvard Medical School
ASM Microbe 2019	Meet-the-Experts	Targeting Carbapenemase-producing Enterobacteriaceae in Healthcare Sink Traps	AES	Shireen	Kotay	University of Virginia Division of Infect. Dis.
ASM Microbe 2019	Symposium	Bringing New Life and Technologies to Undergraduate Microbiology Courses	POM	Karin	Kram	California State University-Dominguez Hills
ASM Microbe 2019	Symposium	Extremophilic Bioprocessing	AES	Navanietha	Krishnaraj Rathir	South Dakota School of Mines and Technology
ASM Microbe 2019	Cross-Track Session	Advocating for Better Diagnostic Testing in the United States	CPHM	PETER	KYRIACOPOULOS	Association of Public Health Laboratories
ASM Microbe 2019	Track Hub	Microbial Ecology at Macro Scales, Part II	EEB	Joshua	Ladau	Joint Genome Institute
ASM Microbe 2019	Symposium	Microbial Ecology at Macro Scales, Part I	EEB	Joshua	Ladau	Joint Genome Institute
ASM Microbe 2019	Symposium	Pipeline Drugs to Treat Gram-positive, <i>C. Difficile</i> and Non-TB Mycobacterial Infections	AAR	Sushmita	Lahiri	Boehringer Ingelheim
ASM Microbe 2019	Track Hub	Obtaining and Starting a Faculty Position: A Chat with New Assistant Professors	MBP	Rebecca	Lamason	Massachusetts Institute of Technology
ASM Microbe 2019	Symposium	Extreme Makeover: Cell Wall Edition	MBP	Gyanu	Lamichhane	Johns Hopkins University
ASM Microbe 2019	Symposium	Tackling CRE in Patients and Populations	CIV	Courtney	Lane	Peter Doherty Institute, University of Melbourne
ASM Microbe 2019	Track Hub	Metamorphic Rock-Hosted Systems: Microbial Physiology and Activity	AES	Susan	Lang	University of South Carolina
ASM Microbe 2019	Cross-Track Session	Evolution in the Wild	EEB	Jennifer	Lau	Indiana University
ASM Microbe 2019	Meet-the-Experts	Prosthetic Joint Infections - Diagnosis and Management Update	CIV	Frederic	Laurent	Faculte de medecine Lyon-Sud
ASM Microbe 2019	Symposium	Conundrums in Nomenclature of Microbial Pathogens and Clinical Significance	CPHM	Paul	Lawson	University of Oklahoma
ASM Microbe 2019	Meet-the-Experts	Product Recalls in Clinical Microbiology: What Should We Do in The Lab?	CPHM	Amy	Leber	Nationwide Children's Hospital
ASM Microbe 2019	Symposium	Harnessing Microbial Genetic Diversity to Understand Pathogenesis	EEB	Marc	Lecuit	Institut Pasteur
ASM Microbe 2019	Track Hub	Fireside Chat with Angela Caliendo and Nathan A. Ledebuer, Editors, Journal of Clinical Microbiology	CPHM	Nathan	Ledebuer	College of Wisconsin; Dynacare Laboratories and Froedtert Hospital
ASM Microbe 2019	Cross-Track Session	Battle of the Brains: Clinical Microbiology and Infectious Diseases Trivia Competition (formerly known as Quizbusters)	CPHM	Nathan	Ledebuer	College of Wisconsin; Dynacare Laboratories and Froedtert Hospital
ASM Microbe 2019	Symposium	The Year in Clinical Microbiology	CPHM	Nathan	Ledebuer	College of Wisconsin; Dynacare Laboratories and Froedtert Hospital
ASM Microbe 2019	Symposium	Advances in Understanding Resistance and Management of Gram-positive Pathogens	CIV	Jean	Lee	The Peter Doherty Institute for Infection & Immunity, University of Melbourne
ASM Microbe 2019	Symposium	Message in a Bubble: Extracellular Vesicles and Microbial Pathogenesis	HMB	Jean	Lee	Brigham and Women's Hospital and Harvard Medical School
ASM Microbe 2019	Meet-the-Experts	Update in Pediatric Vaccines from the Red Book	CIV	Grace	Lee	Stanford University
ASM Microbe 2019	Symposium	Impact of Bacterial RNA Degradation on Gene Expression	MBP	Vincent	Lee	University of Maryland

Meeting	Session Format	Session Title	Track	First Name	Last Name	Institution
ASM Microbe 2019	Symposium	Advances in Vaccine Manufacturing Technology (Supported Jointly by the Bill & Melinda Gates Foundation)	CIV	Lasse	Leino	DeISiTech
ASM Microbe 2019	Symposium	PK/PD for My FDA Package? What Do I Need?	AAR	Alex	Lepak	University of Wisconsin
ASM Microbe 2019	Cross-Track Session	Advocating for Better Diagnostic Testing in the United States	CPHM	Amanda	Levy Breckenridge	Talent Solutions at LinkedIn
ASM Microbe 2019	Symposium	New Insights into the Mechanistic Basis of Bacterial Persistence	MBP	Kim	Lewis	Northeastern University
ASM Microbe 2019	Symposium	Improving Global Public Health Through International Outreach and Capacity-Building	CPHM	Mark	Lim	American Society for Microbiology
ASM Microbe 2019	Track Hub	Publishing 101: Looking behind the Manuscript at ASM Journals	POM	Noel	Lin	American Society for Microbiology
ASM Microbe 2019	Symposium	Antibiotic Effects Beyond Killing (Developed in Cooperation with ESCMID)	AAR	Jodi	Lindsay	St. George's University of London
ASM Microbe 2019	Track Hub	Effects of Climate Change on Microorganisms	AES	Erin	Lipp	University of Georgia
ASM Microbe 2019	Cross-Track Session	New Agents Discovery Summary Session: Early New Antimicrobial Agents	AAR	Troy	Lister	Spero Therapeutics
ASM Microbe 2019	Symposium	Movers and Shakers: How Bacteriophages Influence Health and Disease	HMB	Yael	Litvak	University of California, Davis
ASM Microbe 2019	Track Hub	Microbial Ecology at Macro Scales, Part II	EEB	Ken	Locey	Dine College
ASM Microbe 2019	Symposium	Microbial Ecology at Macro Scales, Part I	EEB	Ken	Locey	Dine College
ASM Microbe 2019	Cross-Track Session	Where Silicon Valley and Microbiology Meet: Digital Technologies, Data Science, and Machine Learning	MBP	Nicholas	Loman	University of Birmingham
ASM Microbe 2019	Symposium	Precision Genomics in Infectious Diseases	CIV	Nicholas	Loman	University of Birmingham
ASM Microbe 2019	Track Hub	Fireside Chat with Nicholas Loman, ASM Microbe Speaker	CIV	Nicholas	Loman	University of Birmingham
ASM Microbe 2019	Cross-Track Session	New Agents Discovery Summary Session: Early New Antimicrobial Agents	AAR	Olga	Lomovskaya	Qpex Biopharma
ASM Microbe 2019	Meet-the-Experts	The Most Difficult Project I Ever Worked On	AAR	Olga	Lomovskaya	Qpex
ASM Microbe 2019	Track Hub	(Avoiding a) Communication Breakdown (formerly entitled Science in 30 Seconds)	POM	Katherine	Lontok	American Society for Microbiology
ASM Microbe 2019	Symposium	The Up Goer Five Thing: Simple Words for Tiny-Life Studies	POM	Katherine	Lontok	
ASM Microbe 2019	Symposium	The Social Lives of Viruses	EEB	Carolina	Lopez	University of Pennsylvania
ASM Microbe 2019	Symposium	Shedding Light on the Ecology and Evolution of Microbial Populations with Comparative Metagenomics	EEB	Mario	López-Pérez	Universidad Miguel Hernández
ASM Microbe 2019	Meet-the-Experts	MALDI: New Applications	CPHM	Laura	Louison	Wisconsin State Laboratory of Hygiene
ASM Microbe 2019	Symposium	Bacterial Membrane Machines	HMB	Harry	Low	Imperial College
ASM Microbe 2019	Track Hub	CryoEM vs X-ray in Your Research	HMB	Harry	Low	Imperial College
ASM Microbe 2019	Symposium	Impact of Bacterial RNA Degradation on Gene Expression	MBP	Ben	Luisi	University of Cambridge
ASM Microbe 2019	Meet-the-Experts	What's New in TB and Malaria Vaccines?	CIV	Kirsten	Lyke	Center for Vaccine Development and Global Health, University of Maryland School of Medicine
ASM Microbe 2019	Symposium	Microbial-Global Change Feedbacks	EEB	Rachel	Mackelprang	California State University Northridge
ASM Microbe 2019	Symposium	Building Collaborative and Cooperative Relationships Inside and Outside of the Hospital	CPHM	Catherine	Maloney	Emory University Hospital
ASM Microbe 2019	Track Hub	Meet the ASM Journals Editors	POM	Stanley	Maloy	San Diego State University
ASM Microbe 2019	Track Hub	Fireside Chat with Stanley Maloy, ASM Board of Directors	AES	Stanley	Maloy	San Diego State University
ASM Microbe 2019	Cross-Track Session	One Health Solutions for Tackling Antimicrobial Resistance	AAR	Shannon	Manning	Michigan State University
ASM Microbe 2019	Symposium	The Role of Diet and Human Gut Microbiome on Health	AES	Maria	Marco	UC Davis

Meeting	Session Format	Session Title	Track	First Name	Last Name	Institution
ASM Microbe 2019	Meet-the-Experts	Career Opportunities for the Clinical Microbiologist in Industry	POM	Elizabeth	Marlowe	Quest Diagnostics
ASM Microbe 2019	Cross-Track Session	Moving Beyond the Omics Crystal Ball: Functional Validation of Genome-enabled Predictions	EEB	Eric	Martens	University of Michigan Medical School
ASM Microbe 2019	Symposium	Building Capacity and Talent: Increasing Diversity and Inclusion in the Microbial Sciences	POM	Luis	Martinez	University of Texas – El Paso
ASM Microbe 2019	Symposium	Coming Full Circle: Adventures in Decentralization of Laboratory Testing	CPHM	Raquel	Martinez	Geisinger Health System
ASM Microbe 2019	Symposium	Microbes and Beyond: Multitrophic Interactions that Mediate Ecosystem Function	EEB	Neo	Martinez	University of Arizona
ASM Microbe 2019	Meet-the-Experts	Microbes and Agricultural Food Production	EEB	Esperanza	Martinez-Romer	Universidad Nacional Autónoma de México
ASM Microbe 2019	Symposium	Microbial-Global Change Feedbacks	EEB	Jennifer	Martiny	Univ. of California, Irvine
ASM Microbe 2019	Track Hub	Pharma Pipeline Update: Part I	AAR	Clive	Mason	Summit Therapeutics
ASM Microbe 2019	Meet-the-Experts	Should I Stay or Should I Go? Avoiding a Mid-Career Crisis as a Bench-Level Technologist	POM	Blaine	Mathison	ARUP
ASM Microbe 2019	Track Hub	Best Practices for Biosafety in Teaching Laboratories	POM	Robert	Maxwell	Georgia State University
ASM Microbe 2019	Track Hub	Meet the ASM Journals Editors	POM	Alexander	McAdam	Boston's Children's Hosp.
ASM Microbe 2019	Track Hub	Pediatric Bloodstream Infections: Changing Epidemiology and Best Culture Practices	CPHM	Alexander	McAdam	Boston Children's Hospital
ASM Microbe 2019	Symposium	The Up Goer Five Thing: Simple Words for Tiny-Life Studies	POM	Hayley	McCausland	University of California, Berkeley
ASM Microbe 2019	Symposium	Sepsis and the Gut Microbiome	CIV	L. Clifford	McDonald	CDC
ASM Microbe 2019	Meet-the-Experts	Postdoc-ing in Industry and Government and Everything in Between	POM	Gary	McDowell	Future of Research
ASM Microbe 2019	Cross-Track Session	One Health Solutions for Tackling Antimicrobial Resistance	AAR	Scott	McEwen	University of Guelph
ASM Microbe 2019	Symposium	Antimicrobial Use in Animals and Links to Resistance in Humans	AAR	Scott	McEwen	University of Guelph
ASM Microbe 2019	Cross-Track Session	Dissecting Biological Interactions: From Cells to Kingdoms and Communities	MBP	Margaret	McFall-Ngai	University of Hawaii at Manoa
ASM Microbe 2019	Track Hub	Fireside Chat with Victoria McGovern, President's Forum Speaker	POM	Victoria	McGovern	Burroughs Wellcome Fund
ASM Microbe 2019	Cross-Track Session	Moving Beyond the Omics Crystal Ball: Functional Validation of Genome-enabled Predictions	EEB	Katherine	McMahon	University of Wisconsin
ASM Microbe 2019	Cross-Track Session	Battle of the Brains: Clinical Microbiology and Infectious Diseases Trivia Competition (formerly known as Quizbusters)	CPHM	Allison	McMullen	Augusta University
ASM Microbe 2019	Track Hub	Fireside Chat with Sabeeha Merchant, ASM Microbe Speaker	MBP	Sabeeha	Merchant	Univ. of California
ASM Microbe 2019	Symposium	That's So Metal - Trans-Kingdom Strategies for Metal Homeostasis	MBP	Sabeeha	Merchant	Univ. of California
ASM Microbe 2019	Track Hub	A Primer for Class Design: Writing Learning Outcomes	POM	Sue	Merkel	Cornell University
ASM Microbe 2019	Symposium	Impacting the Planet One Carbon at a Time: Fundamentals of Microbial Methane Metabolism	MBP	William	Metcalf	University of Illinois
ASM Microbe 2019	Symposium	Molecular Insights from Experimental Evolution	EEB	Justin	Meyer	UCSD
ASM Microbe 2019	Symposium	Bacterial Surface Molecules: Resistance and Immunity	HMB	Edward	Miao	University of North Carolina
ASM Microbe 2019	Symposium	Infections of the Opioid Epidemic	CPHM	Nancy	Miller	Boston Med. Ctr.

Meeting	Session Format	Session Title	Track	First Name	Last Name	Institution
ASM Microbe 2019	Cross-Track Session	Battle of the Brains: Clinical Microbiology and Infectious Diseases Trivia Competition (formerly known as Quizbusters)	CPHM	Melissa	Miller	University of North Carolina School of Medicine
ASM Microbe 2019	Track Hub	Fireside Chat with Kat Milligan-Myhre, ASM Microbe Speaker	POM	Kat	Milligan-Myhre	University of Alaska Anchorage
ASM Microbe 2019	Symposium	Building Capacity and Talent: Increasing Diversity and Inclusion in the Microbial Sciences	POM	Kat	Milligan-Myhre	University of Alaska Anchorage
ASM Microbe 2019	Symposium	Precision Editing of the Microbiome to Alter Health and Disease	HMB	Mark	Mimee	Massachusetts Institute of Technology
ASM Microbe 2019	Cross-Track Session	War and Peace: Microbial Conflicts and Cooperation	HMB	Tim	Miyashiro	Pennsylvania State University
ASM Microbe 2019	Symposium	Environmental Resistomes	AES	Frank	Møller Aarestrup	Danish Technical University
ASM Microbe 2019	Symposium	Breakthroughs in Fungal Genomics	AES	Stephen	Mondo	DOE Joint Genome Institute
ASM Microbe 2019	Cross-Track Session	War and Peace: Microbial Conflicts and Cooperation	HMB	Joseph	Mougous	University of Washington
ASM Microbe 2019	Track Hub	Tackling Drug-resistant Gonorrhoea (Developed in Cooperation with GARDP)	AAR	John	Mueller	Entasis Therapeutics
ASM Microbe 2019	Symposium	Progress Towards a Shigella Vaccine (Supported Jointly by the Bill & Melinda Gates Foundation)	CIV	Laurence	Mulard	Institut Pasteur
ASM Microbe 2019	Track Hub	Fireside Chat with Silvia Munoz-Price, COMS Member	AAR	Silvia	Munoz-Price	Medical College of Wisconsin
ASM Microbe 2019	Cross-Track Session	Battle of the Brains: Clinical Microbiology and Infectious Diseases Trivia Competition (formerly known as Quizbusters)	CPHM	Caitlin	Murphy	University of Nebraska Medical Center
ASM Microbe 2019	Symposium	Ten Years Since ESKAPE: Where Are We Now?	AAR	Barbara	Murray	University of Texas Medical School
ASM Microbe 2019	Track Hub	Pharma Pipeline Updates: Part II	AAR	Satoshi	Nakagawa	FUJIFILM CORPORATION
ASM Microbe 2019	Symposium	How Systems Biology Will Impact the Future of Vaccinology	CIV	Helder	Nakaya	University of Sao Paulo
ASM Microbe 2019	Track Hub	Fireside Chat with Carl Nathan, President's Forum Speaker	AAR	Carl	Nathan	Weill Cornell Med. Coll.
ASM Microbe 2019	Symposium	Microbial Species: Causes and Consequences of Heterogeneity in Microbial Populations	EEB	Camilla	Nesbø	University of Alberta
ASM Microbe 2019	Symposium	Antifungals New and Near	AAR	Jeniell	Nett	University of Wisconsin
ASM Microbe 2019	Symposium	Molecular Interaction of Bacterial Proteins with Targets	HMB	Irene	Newton	Indiana University
ASM Microbe 2019	Meet-the-Experts	Product Recalls in Clinical Microbiology: What Should We Do in The Lab?	CPHM	Duane	Newton	Univ. of Michigan Hosp. and Hlth. Ctrs.
ASM Microbe 2019	Cross-Track Session	Battle of the Brains: Clinical Microbiology and Infectious Diseases Trivia Competition (formerly known as Quizbusters)	CPHM	Lindsey	Nielsen	University of Nebraska Medical Center
ASM Microbe 2019	Symposium	Understanding Changes in Multiplex Testing Reimbursement: The Ship Has Sailed, How Do We Move Forward?	CPHM	Frederick	Nolte	Medical University of South Carolina
ASM Microbe 2019	Symposium	How Systems Biology Will Impact the Future of Vaccinology	CIV	Boris	Novakovic	Epigenetics Group, Murdoch Children's Research Institute
ASM Microbe 2019	Track Hub	Pharma Pipeline Updates: Part II	AAR	Daniel	Obrecht	Polyphor Ltd.
ASM Microbe 2019	Symposium	Pipeline Drugs to Treat Gram-negative Infections	AAR	Daniel	Obrecht	Polyphor Ltd.
ASM Microbe 2019	Symposium	High Dimensional Analysis of Microbiome Dynamics	EEB	James	O'Dwyer	University of Illinois
ASM Microbe 2019	Track Hub	Azithromycin in Global Health	CIV	Catherine	Oldenburg	Proctor Foundation, UCSF
ASM Microbe 2019	Symposium	Breakthroughs in Fungal Genomics	AES	Michelle	O'Malley	University of California Santa Barbara
ASM Microbe 2019	Symposium	Infection Pathophysiology and Immune Responses	HMB	Carlos	Orihuela	University of Alabama at Birmingham
ASM Microbe 2019	Symposium	ER Stressing Out: Microbial Manipulation of the Endoplasmic Reticulum Stress Response	HMB	Mary	O'Riordan	University of Michigan
ASM Microbe 2019	Symposium	Microbial Life in Subsurface Environments	AES	William	Orsi	Ludwig-Maximilians Universitaet

Meeting	Session Format	Session Title	Track	First Name	Last Name	Institution
ASM Microbe 2019	Meet-the-Experts	Putting Your Best (Targeted) Foot Forward: Marketing Yourself and Your Lab	POM	Kaede	Ota Sullivan	Temple University Health System
ASM Microbe 2019	Track Hub	Pathogen Populations, Genomics and Insights into Infectious Disease	EEB	Egon	Ozer	Northwestern University
ASM Microbe 2019	Meet-the-Experts	Engaging the Public, Politicians and Healthcare Professionals in Resolving the AMR Crisis	AAR	Jean-Pierre	Paccaud	GARDP
ASM Microbe 2019	Symposium	Implementation and Impact of WGS for Surveillance, Infection Control and Outbreak Prevention	AAR	Daniel	Palm	ECDC
ASM Microbe 2019	Cross-Track Session	Funding of Enhanced Potential Pandemic Pathogen Research: The P3CO Process	CPHM	Megan	Palmer	Stanford University
ASM Microbe 2019	Meet-the-Experts	Top Ten Beta-Lactamase Papers	AAR	Timothy	Palzkill	Baylor Coll. of Med.
ASM Microbe 2019	Symposium	Community Microbiology: Moving Beyond Crowdsourcing to Active, Participatory Science by the Public	POM	Vineet	Pandey	UC San Diego Design Lab
ASM Microbe 2019	Symposium	Sepsis and the Gut Microbiome	CIV	Pinaki	Panigrahi	University of Nebraska Medical Center
ASM Microbe 2019	Symposium	Improving Global Public Health Through International Outreach and Capacity-Building	CPHM	Michele	Parsons	Centers for Disease Control and Prevention
ASM Microbe 2019	Symposium	Progress Towards a Shigella Vaccine (Supported Jointly by the Bill & Melinda Gates Foundation)	CIV	Marcela	Pasetti	CVD, University of Maryland School of Medicine
ASM Microbe 2019	Cross-Track Session	Biggest Blunders - Career Challenges in the Midst of Success Stories (Developed by the Junior Advisory Group)	POM	Robin	Patel	Mayo Clinic
ASM Microbe 2019	Track Hub	Fireside Chat with Robin Patel, ASM President-Elect	CPHM	Robin	Patel	Mayo Clinic
ASM Microbe 2019	Symposium	Progress in Detection of Antimicrobial Resistance: CLSI, FDA and Public Health Solutions	CPHM	Jean	Patel	CDC
ASM Microbe 2019	Symposium	The Year in Clinical Microbiology	CPHM	Robin	Patel	Mayo Clinic
ASM Microbe 2019	Cross-Track Session	Host Modulation: Who's in Control?	HMB	Teresa	Pawlowska	Cornell University
ASM Microbe 2019	Symposium	The Up Goer Five Thing: Simple Words for Tiny-Life Studies	POM	Celia	Payen	DuPont
ASM Microbe 2019	Meet-the-Experts	The Most Difficult Project I Ever Worked On	AAR	Neil	Pearson	GSK (GlaxoSmithKline)
ASM Microbe 2019	Symposium	Microbial Ecology at Macro Scales, Part I	EEB	Kabir	Peay	Stanford
ASM Microbe 2019	Track Hub	The Challenges of Treating Infections in the Immunocompromised Host	CIV	Anton	Peleg	The Alfred Hospital and Monash University
ASM Microbe 2019	Symposium	Movers and Shakers: How Bacteriophages Influence Health and Disease	HMB	José	Penadés	University of Glasgow
ASM Microbe 2019	Cross-Track Session	Battle of the Brains: Clinical Microbiology and Infectious Diseases Trivia Competition (formerly known as Quizbusters)	CPHM	Morgan	Pence	Cook Childrens
ASM Microbe 2019	Meet-the-Experts	Microbiology Total Laboratory Automation: Experience from the Field	CPHM	Morgan	Pence	Cook Children's Medical Center
ASM Microbe 2019	Symposium	CRISPR Tools	AES	Jason	Peters	University of Wisconsin-Madison
ASM Microbe 2019	Symposium	Clinical Management of Carbapenem-resistant Organisms in Light of Recent Drug Approvals	AAR	Nicola	Petrosillo	Natl Institute Infect Dis
ASM Microbe 2019	Cross-Track Session	Moving Beyond the Omics Crystal Ball: Functional Validation of Genome-enabled Predictions	EEB	Jennifer	Pett-Ridge	Lawrence Livermore National Lab
ASM Microbe 2019	Cross-Track Session	New Agents Discovery Summary Session: Early New Antimicrobial Agents	AAR	Daniel	Pevear	VenatoRx Pharmaceuticals, Inc.

Meeting	Session Format	Session Title	Track	First Name	Last Name	Institution
ASM Microbe 2019	Track Hub	Dispelling Dogmas and Confronting Controversies - How Good Are Strongly Held Beliefs	AAR	Gerald	Pier	Brigham and Women's Hospital-Harvard Medical School
ASM Microbe 2019	Symposium	Pneumococcal Herd Protection (Supported Jointly by the Bill & Melinda Gates Foundation)	CIV	Tamara	Pilishvili	CDC
ASM Microbe 2019	Track Hub	The Changing Landscape of Malaria Diagnostics	CPHM	Dylan	Pillai	University of Calgary
ASM Microbe 2019	Symposium	Bacterial Surface Molecules: Resistance and Immunity	HMB	Melissa	Pinard	NIH
ASM Microbe 2019	Symposium	Mechanisms of Bacterial Cell Division: Diversity and Conservation	MBP	Mariana	Pinho	Universidade Nova de Lisboa
ASM Microbe 2019	Symposium	Bacterial Membrane Machines	HMB	Heather	Pinkett	Northwestern University
ASM Microbe 2019	Track Hub	CryoEM vs X-ray in Your Research	HMB	Heather	Pinkett	Northwestern University
ASM Microbe 2019	Symposium	The Year in Clinical Microbiology	CPHM	Benjamin	Pinsky	Stanford Health Care
ASM Microbe 2019	Symposium	Decolonizing the Epithelium, Pros and Cons	CIV	Nienke	Plantinga	UMC Utrecht
ASM Microbe 2019	Cross-Track Session	Evolution in the Wild	EEB	Martin	Polz	MIT
ASM Microbe 2019	Track Hub	Fireside Chat with Daniel Portnoy, President's Forum Speaker	HMB	Daniel	Portnoy	Univ. of California, Berkeley
ASM Microbe 2019	Symposium	Community Microbiology: Moving Beyond Crowdsourcing to Active, Participatory Science by the Public	POM	Manu	Prakash	Stanford University
ASM Microbe 2019	Symposium	Advances in Vaccine Manufacturing Technology (Supported Jointly by the Bill & Melinda Gates Foundation)	CIV	Rayassam	Prasad	Bill and Melinda Gates Foundation
ASM Microbe 2019	Track Hub	Fireside Chat with Karen Carroll and Bobbi Pritt, Editors, MCM	CPHM	Bobbi	Pritt	Mayo Clinic
ASM Microbe 2019	Track Hub	All New Creepy Dreadful Wonderful Parasite Cases	CPHM	Bobbi	Pritt	Mayo Clinic
ASM Microbe 2019	Track Hub	Fireside Chat with Vincent Racaniello, Chair, Communications Committee	POM	Vincent	Racaniello	Columbia University College of Physicians & Surgeons
ASM Microbe 2019	Symposium	Communicating Science in the Era of Alternative Facts	POM	Vincent	Racaniello	Columbia University College of Physicians & Surgeons
ASM Microbe 2019	Symposium	Microbial Ecology at Macro Scales, Part I	EEB	Kelly	Ramirez	Netherlands Institute of Ecology
ASM Microbe 2019	Symposium	Maternal-Neonatal Microbiome in Health and Disease	CIV	Adam	Ratner	NYU School of Medicine
ASM Microbe 2019	Meet-the-Experts	How Microbial Biogeography Affects Microbiome Composition and Assembly I	EEB	Alison	Ravenscraft	University of Arizon
ASM Microbe 2019	Track Hub	Fireside Chat with David Relman, ASM Microbe Program Committee Co-Chair	EEB	David	Relman	Stanford University
ASM Microbe 2019	Track Hub	Pediatric Bloodstream Infections: Changing Epidemiology and Best Culture Practices	CPHM	Paula	Revell	Texas Children's Hospital
ASM Microbe 2019	Track Hub	Microbial Diversity in the Deep Oceans	EEB	Anna-Louise	Reysenbach	Portland State University
ASM Microbe 2019	Symposium	Implementation and Impact of WGS for Surveillance, Infection Control and Outbreak Prevention	AAR	Paul	Rhodes	Specific Technologies and Next Gen Diagnostics
ASM Microbe 2019	Symposium	Stuck on You: Mucin-Microbe Interplay in Health and Disease	HMB	Katharina	Ribbeck	MIT
ASM Microbe 2019	Symposium	Antibiotic Resistance and Stewardship: Epidemiology, Detection and Impact on Stewardship	AAR	Julie	Ribes	University of Kentucky
ASM Microbe 2019	Track Hub	Insights on Industry Careers for Microbiologists	MBP	Dante	Ricci	Comet Medicine, Inc

Meeting	Session Format	Session Title	Track	First Name	Last Name	Institution
ASM Microbe 2019	Symposium	Ten Years Since ESKAPE: Where Are We Now?	AAR	Louis	Rice	The Warren Alpert Medical School of Brown University
ASM Microbe 2019	Symposium	On Your Bench, Get Set, Go! New Solutions for Your Old Microbiology Problems	CPHM	Ellen	Richards	TriCore Reference Laboratories
ASM Microbe 2019	Symposium	Not Food for Thought: Microbial and Host Metabolism in Infectious Diseases	HMB	Anthony	Richardson	University of Pittsburgh
ASM Microbe 2019	Symposium	Antibiotic Resistance and Stewardship: Epidemiology, Detection and Impact on Stewardship	AAR	Amatya	Ritu	Nepal Medical College Teaching Hospital
ASM Microbe 2019	Cross-Track Session	Battle of the Brains: Clinical Microbiology and Infectious Diseases Trivia Competition (formerly known as Quizbusters)	CPHM	Amity	Roberts	LabCorp
ASM Microbe 2019	Symposium	Finding Waldo: Identifying Patterns and Their Causes in Complex Systems from Guts to Global Oceans	AES	Courtney	Robinson	Howard University
ASM Microbe 2019	Track Hub	Update on the Revised Group B <i>Streptococcus</i> Guidelines	CPHM	Barbara	Robinson-Dunn	Beaumont Health
ASM Microbe 2019	Symposium	Building Capacity and Talent: Increasing Diversity and Inclusion in the Microbial Sciences	POM	Griffin	Rodgers	National Institutes of Health
ASM Microbe 2019	Symposium	Pneumococcal Herd Protection (Supported Jointly by the Bill & Melinda Gates Foundation)	CIV	Gail	Rodgers	Bill & Melinda Gates Foundation
ASM Microbe 2019	Cross-Track Session	Battle of the Brains: Clinical Microbiology and Infectious Diseases Trivia Competition (formerly known as Quizbusters)	CPHM	Kyle	Rodino	Mayo Clinic
ASM Microbe 2019	Symposium	Message in a Bubble: Extracellular Vesicles and Microbial Pathogenesis	HMB	Marcio	Rodrigues	Fundação Oswaldo Cruz, Instituto Carlos Chagas
ASM Microbe 2019	Cross-Track Session	Host Modulation: Who's in Control?	HMB	Dr. ir. Vera I.D.	Ros	Wageningen University
ASM Microbe 2019	Symposium	Impacting the Planet One Carbon at a Time: Fundamentals of Microbial Methane Metabolism	MBP	Amy	Rosenzweig	Northwestern University
ASM Microbe 2019	Symposium	Progress Towards a Shigella Vaccine (Supported Jointly by the Bill & Melinda Gates Foundation)	CIV	Katherine	Rosettie	Institute for Health Metrics and Evaluation
ASM Microbe 2019	Meet-the-Experts	Management of Sexually Transmitted Infections in the Era of Multidrug-resistance	CIV	Jonathan	Ross	Birmingham City University
ASM Microbe 2019	Track Hub	Congenital CMV Infections	CIV	Shannon	Ross	University of Alabama at Birmingham
ASM Microbe 2019	Symposium	Economic Models for Novel Diagnostic Test Development	CPHM	Kristian	Roth	U.S. Food and Drug Administration
ASM Microbe 2019	Track Hub	Fireside Chat with Hazel Barton, Editor, and Select Authors, Women in Microbiology	POM	Sophie	Rowland	Wellesley College
ASM Microbe 2019	Symposium	Advances in Vaccine Manufacturing Technology (Supported Jointly by the Bill & Melinda Gates Foundation)	CIV	Kathy	Rowlen	InDevR Inc
ASM Microbe 2019	Symposium	Directing the Digester: How Pathogens Use Lysosomes to Build an Intracellular Niche	HMB	Craig	Roy	Yale University
ASM Microbe 2019	Meet-the-Experts	Veterinary Pathogens in the Human Clinical Microbiology Laboratory	CPHM	Joe	Rubin	Western College of Veterinary Medicine
ASM Microbe 2019	Symposium	Moving Towards Practical Clinical Genomics	CPHM	Etienne	Ruppe	Universite Paris Diderot

Meeting	Session Format	Session Title	Track	First Name	Last Name	Institution
ASM Microbe 2019	Symposium	Global Regulation from Genes to Systems	MBP	Kathleen	Ryan	University of California
ASM Microbe 2019	Symposium	Antibiotic Resistance and Stewardship: Epidemiology, Detection and Impact on Stewardship	AAR	Helio	Sader	JMI Laboratories
ASM Microbe 2019	Symposium	ID Fellows 101: Advances from the Bench to the Clinic	CIV	Nasia	Safdar	University of Wisconsin
ASM Microbe 2019	Symposium	<i>Clostridium difficile</i> Infection: Prediction, Probiotics and Prevention	CIV	Nasia	Safdar	University of Wisconsin
ASM Microbe 2019	Track Hub	Paradigm Shifts: Using Wastewater and Coastal Water as a Resource for Public Health Monitoring	AES	Christopher	Sales	Drexel University College of Engineering
ASM Microbe 2019	Symposium	Coming Full Circle: Adventures in Decentralization of Laboratory Testing	CPHM	Linoj	Samuel	Henry Ford Health System
ASM Microbe 2019	Symposium	Microbial Community Assembly: Rules and Randomness	EEB	Alvaro	Sanchez	Yale University
ASM Microbe 2019	Symposium	Reference Standards for Microbiome Research: A Path to Higher Data Quality	EEB	Laura	Sanchez	University of Illinois at Chicago
ASM Microbe 2019	Symposium	Antifungals New and Near	AAR	Taylor	Sandison	Cidara Therapeutics
ASM Microbe 2019	Symposium	Extremophilic Bioprocessing	AES	Rajesh	Sani	South Dakota School of Mines and Technology
ASM Microbe 2019	Cross-Track Session	Adapting to Your Neighbors	EEB	Pauline	Scanlan	University College
ASM Microbe 2019	Cross-Track Session	Where Silicon Valley and Microbiology Meet: Digital Technologies, Data Science, and Machine Learning	MBP	Tom	Schenk	KPMG
ASM Microbe 2019	Track Hub	Fireside Chat with Pat Schloss, Chair, Journals Committee	HMB	Patrick	Schloss	University of Michigan
ASM Microbe 2019	Cross-Track Session	Cancer Metagenomics: Microbes and Microbiomes	HMB	Patrick	Schloss	University of Michigan
ASM Microbe 2019	Symposium	The Up Goer Five Thing: Simple Words for Tiny-Life Studies	POM	Patrick	Schloss	University of Michigan
ASM Microbe 2019	Symposium	Incorporating Data Science and Reproducible Research Into Your Practice and Teaching	POM	Benjamin	Schwessinger	The Australian National University
ASM Microbe 2019	Track Hub	Yeast and Humans in Civilization: The Science Behind a Long-Standing Fermented Relationship	AES	Robert	Sclafani	University of Colorado School of Medicine
ASM Microbe 2019	Cross-Track Session	Cancer Metagenomics: Microbes and Microbiomes	HMB	Cynthia (Cindy)	Sears	Johns Hopkins University
ASM Microbe 2019	Symposium	Genomic Tools and Databases for Prediction of AMR (Developed in Cooperation with ESCMID)	CPHM	Torsten	Seemann	University of Melbourne
ASM Microbe 2019	Symposium	Novel Biological Therapeutics	AAR	Bret	Sellman	MedImmune
ASM Microbe 2019	Symposium	Updated Mechanisms of Drug Resistance: How, When, Why and Where	AAR	Alisa	Serio	Paratek Pharmaceuticals
ASM Microbe 2019	Symposium	Global Elimination of Infectious Disease	CPHM	Alberto	Severini	University of Manitoba
ASM Microbe 2019	Symposium	Environmental Resistomes	AES	Ashley	Shade	Michigan State University
ASM Microbe 2019	Symposium	Economic Models for Novel Diagnostic Test Development	CPHM	Salika	Shakir	ARUP laboratories
ASM Microbe 2019	Cross-Track Session	War and Peace: Microbial Conflicts and Cooperation	HMB	Elizabeth	Shank	University of North Carolina, Chapel Hill
ASM Microbe 2019	Symposium	Metabolic Engineering and Biocatalysis	AES	Keelnatham	Shanmugam	University of Florida
ASM Microbe 2019	Symposium	Microbial Species: Causes and Consequences of Heterogeneity in Microbial Populations	EEB	Jesse	Shapiro	Université de Montréal
ASM Microbe 2019	Symposium	Antifungals New and Near	AAR	Karen	Shaw	Amplix
ASM Microbe 2019	Symposium	<i>Clostridium difficile</i> Infection: Prediction, Probiotics and Prevention	CIV	Erica	Shenoy	Harvard University
ASM Microbe 2019	Symposium	Precision Genomics in Infectious Diseases	CIV	Norelle	Sherry	University of Melbourne

Meeting	Session Format	Session Title	Track	First Name	Last Name	Institution
ASM Microbe 2019	Symposium	Genomic Tools and Databases for Prediction of AMR (Developed in Cooperation with ESCMID)	CPHM	Norelle	Sherry	Austin Health
ASM Microbe 2019	Cross-Track Session	Host Modulation: Who's in Control?	HMB	Michael	Shiloh	University of Texas Southwestern
ASM Microbe 2019	Track Hub	Really Essential vs "Kind of Essential": Defining Gene Essentiality in the Era of Genomics	MBP	Sloan	Siegrist	University of Massachusetts
ASM Microbe 2019	Symposium	Updated Mechanisms of Drug Resistance: How, When, Why and Where	AAR	Lynn	Silver	LL Silver Consulting
ASM Microbe 2019	Track Hub	Crossing the Valley of Death with Your HTS Hit	HMB	Jared	Silverman	Bill and Melinda Gates Foundation
ASM Microbe 2019	Cross-Track Session	Battle of the Brains: Clinical Microbiology and Infectious Diseases Trivia Competition (formerly known as Quizbusters)	CPHM	Patricia	Simner	Johns Hopkins Med. Inst.
ASM Microbe 2019	Cross-Track Session	Cancer Metagenomics: Microbes and Microbiomes	HMB	Daniel	Slade	Virginia Tech
ASM Microbe 2019	Symposium	Directing the Digester: How Pathogens Use Lysosomes to Build an Intracellular Niche	HMB	David	Smith	University of Michigan Medical School
ASM Microbe 2019	Symposium	What Role Can Microbiologists Play in Advocating for Pro-science Public Policy? (Organized by the ASM Public and Scientific Affairs Committee)	POM	Dan	Smith	Advocacy Smiths
ASM Microbe 2019	Symposium	Microbial Contributions to the Earth's Atmosphere	AES	David	Smith	NASA
ASM Microbe 2019	Meet-the-Experts	Aligning Healthcare-Associated Infections Reporting with Your Microbiology Lab	CPHM	George	Smulian	University of Cincinnati College of Medicine
ASM Microbe 2019	Cross-Track Session	War and Peace: Microbial Conflicts and Cooperation	HMB	Liz	Sockett	University of Nottingham
ASM Microbe 2019	Symposium	The Role of Diet and Human Gut Microbiome on Health	AES	Gloria	Solano-Aguilar	USDA Agricultural Research Service
ASM Microbe 2019	Symposium	Molecular Interaction of Bacterial Proteins with Targets	HMB	Jeongmin	Song	Cornell University
ASM Microbe 2019	Symposium	When Bacteria Meet their Pathogen: Bacteriophage Defense in the Era of CRISPR	MBP	Rotem	Sorek	Weizmann Institute of Science
ASM Microbe 2019	Symposium	ID Fellows 101: Advances from the Bench to the Clinic	CIV	Arjun	Srinivasan	CDC
ASM Microbe 2019	Symposium	What is New in Stewardship? (Developed in Cooperation with SIDP)	AAR	Arjun	Srinivasan	CDC
ASM Microbe 2019	Meet-the-Experts	Microbes and Agricultural Food Production	EEB	Raymond	St. Leger	University of Maryland
ASM Microbe 2019	Symposium	New Insights into the Mechanistic Basis of Bacterial Persistence	MBP	Christina	Stallings	Washington University School of Medicine
ASM Microbe 2019	Symposium	Not Food for Thought: Microbial and Host Metabolism in Infectious Diseases	HMB	Sarah	Stanley	UC Berkeley
ASM Microbe 2019	Symposium	Antimicrobial Use in Animals and Links to Resistance in Humans	AAR	Marc	Stegger	Statens Serum Institut
ASM Microbe 2019	Track Hub	Resource Recovery	AES	Lisa	Stein	University of Alberta
ASM Microbe 2019	Meet-the-Experts	New Issues in Flu	CIV	Kathleen	Stellrecht	Albany Medical Center
ASM Microbe 2019	Symposium	Incorporating Data Science and Reproducible Research Into Your Practice and Teaching	POM	Sarah	Stevens	University of Wisconsin - Madison
ASM Microbe 2019	Symposium	Clinical Management of Carbapenem-resistant Organisms in Light of Recent Drug Approvals	AAR	Usha	Stiefel	Case Western Reserve
ASM Microbe 2019	Track Hub	Fireside Chat with Timothy Stinear, ASM Microbe Speaker	AAR	Timothy	Stinear	University of Melbourne
ASM Microbe 2019	Symposium	Decolonizing the Epithelium, Pros and Cons	CIV	Timothy	Stinear	University of Melbourne
ASM Microbe 2019	Track Hub	Pharma Pipeline Update: Part I	AAR	Suzanne	Stokes	Spero Therapeutics

Meeting	Session Format	Session Title	Track	First Name	Last Name	Institution
ASM Microbe 2019	Symposium	Moving Towards Practical Clinical Genomics	CPHM	Teresa	Street	University of Oxford
ASM Microbe 2019	Symposium	Message in a Bubble: Extracellular Vesicles and Microbial Pathogenesis	HMB	Hameeda	Sultana	Old Dominion University
ASM Microbe 2019	Track Hub	Fireside Chat with Michele Swanson, ASM President	HMB	Michele	Swanson	University of Michigan
ASM Microbe 2019	Track Hub	Understanding Microbial Ecosystem Structure and Function on Large Scales Using Mathematical Models	EEB	David	Talmy	University of Tennessee
ASM Microbe 2019	Symposium	Literature Review	CPHM	Pranita	Tamma	The Johns Hopkins Hospital
ASM Microbe 2019	Symposium	Novel Biological Therapeutics	AAR	Man-Wah	Tan	Genentech
ASM Microbe 2019	Meet-the-Experts	What Can You Do with HMB Training? Part II. Pharma/Biotech	HMB	Man-Wah	Tan	Genentech
ASM Microbe 2019	Symposium	Sepsis and the Gut Microbiome	CIV	Phil	Tarr	Washington University in St. Louis School of Medicine
ASM Microbe 2019	Track Hub	(Avoiding a) Communication Breakdown (formerly entitled Science in 30 Seconds)	POM	Natalia	Taschner	University of Sao Paulo
ASM Microbe 2019	Cross-Track Session	Microbiology Researchers at the Front Lines of Infection Outbreaks	POM	Scott	Teesdale	InSTEDD
ASM Microbe 2019	Symposium	Bringing New Life and Technologies to Undergraduate Microbiology Courses	POM	Louise	Temple	James Madison University
ASM Microbe 2019	Symposium	Economic Models for Novel Diagnostic Test Development	CPHM	Fred	Tenover	Cepheid
ASM Microbe 2019	Symposium	Precision Editing of the Microbiome to Alter Health and Disease	HMB	Casey	Theriot	North Carolina State University
ASM Microbe 2019	Track Hub	Fireside Chat with Casey Theriot, ASM Microbe Speaker	HMB	Casey	Theriot	North Carolina State University
ASM Microbe 2019	Meet-the-Experts	Enabling Academia to Fill the Discovery Gap (Developed in Cooperation with GARDP, CARB-X, and REPAIR Impact Fund)	AAR	Ursula	Theuretzbacher	Center for Anti-Infective Agents
ASM Microbe 2019	Cross-Track Session	Battle of the Brains: Clinical Microbiology and Infectious Diseases Trivia Competition (formerly known as Quizbusters)	CPHM	Cecilia	Thompson	UNC School of Medicine
ASM Microbe 2019	Track Hub	Hot off the Bench: Research from CPEP and Public Health Microbiology Fellows Session I	CPHM	Robert	Tibbetts	Henry Ford Hlth. Sys.
ASM Microbe 2019	Track Hub	Hot off the Bench: Research from CPEP and Public Health Microbiology Fellows Session II	CPHM	Robert	Tibbetts	Henry Ford Hlth. Sys.
ASM Microbe 2019	Symposium	Microbial Contributions to the Earth's Atmosphere	AES	Jonathan	Todd	University of East Anglia
ASM Microbe 2019	Track Hub	Pharma Pipeline Updates: Part II	AAR	Ruben	Tommasi	Entasis Therapeutics
ASM Microbe 2019	Symposium	Advances in Understanding Resistance and Management of Gram-positive Pathogens	CIV	Steven	Tong	The Doherty Institute
ASM Microbe 2019	Symposium	The Up Goer Five Thing: Simple Words for Tiny-Life Studies	POM	Begum	Topcuoglu	University of Michigan
ASM Microbe 2019	Symposium	Antimicrobial Use in Animals and Links to Resistance in Humans	AAR	Edward	Topp	Agriculture and Agri-Food Canada
ASM Microbe 2019	Symposium	No Cell Wall - No Problem: The Importance of <i>Mycoplasma spp.</i> in Clinical Medicine	CPHM	Patricia	Totten	University of Washington
ASM Microbe 2019	Symposium	Diverse Functions of the Bacterial Cell Surface	MBP	Boo Shan	Tseng	University of Nevada Las Vegas
ASM Microbe 2019	Symposium	ER Stressing Out: Microbial Manipulation of the Endoplasmic Reticulum Stress Response	HMB	Renee	Tsolis	UC Davis
ASM Microbe 2019	Cross-Track Session	Moving Beyond the Omics Crystal Ball: Functional Validation of Genome-enabled Predictions	EEB	Peter	Turnbaugh	University of California, San Francisco

<u>Meeting</u>	<u>Session Format</u>	<u>Session Title</u>	<u>Track</u>	<u>First Name</u>	<u>Last Name</u>	<u>Institution</u>
ASM Microbe 2019	Cross-Track Session	Evolution in the Wild	EEB	Paul	Turner	Yale University
ASM Microbe 2019	Meet-the-Experts	How to Build a Breakpoint - Relative Importance of the ECOV and PK/PD Target Attainment	AAR	John D.	Turnidge	University of Adelaide
ASM Microbe 2019	Meet-the-Experts	Management of Sexually Transmitted Infections in the Era of Multidrug-resistance	CIV	Magnus	Unemo	Örebro University Hospital
ASM Microbe 2019	Track Hub	Zoonotic Influenza: Human Infections with Novel Influenza A Viruses of Animal Origin	CPHM	Tim	Uyeki	Centers for Disease Control and Prevention
ASM Microbe 2019	Meet-the-Experts	What You Can You Do with HMB Training? Part I. Academia	HMB	Raphael	Valdivia	Duke University School of Medicine
ASM Microbe 2019	Track Hub	Developing New Tools for Non-Tractable Microbes	MBP	Raphael	Valdivia	Duke Univ.
ASM Microbe 2019	Symposium	What is New in Stewardship? (Developed in Cooperation with SIDP)	AAR	Alex	van Belkum	bioMérieux SA, Microbiology Unit, France
ASM Microbe 2019	Symposium	Using Experimental Manipulations to Investigate Ecology and Evolution in Microbial Communities	EEB	Wim	van der Putten	Netherlands Institute of Ecology (NIOO-KNAW)
ASM Microbe 2019	Symposium	Antibiotic Effects Beyond Killing (Developed in Cooperation with ESCMID)	AAR	Tim	van Opijnen	Boston College
ASM Microbe 2019	Track Hub	Alternative Approaches to Antimicrobial Stewardship	CIV	Trevor	Van Schooneveld	University of Nebraska Medical Center
ASM Microbe 2019	Symposium	The Up Goer Five Thing: Simple Words for Tiny-Life Studies	POM	Rebecca	Vandzura	University of Delaware
ASM Microbe 2019	Symposium	Microbial Community Assembly: Rules and Randomness	EEB	Rachel	Vannette	UC Davis
ASM Microbe 2019	Symposium	Microbial Community Assembly: Rules and Randomness	EEB	Nicole	Vega	Emory University
ASM Microbe 2019	Symposium	Fundamental Dynamics of Microbial Colonization and Transmission	HMB	Marco	Vignuzzi	Institut Pasteur
ASM Microbe 2019	Track Hub	Fireside Chat with Amy Vollmer, ASM Board of Directors	MBP	Amy	Vollmer	Swarthmore College
ASM Microbe 2019	Symposium	No Cell Wall - No Problem: The Importance of <i>Mycoplasma spp.</i> in Clinical Medicine	CPHM	Ken	Waites	University of Alabama at Birmingham
ASM Microbe 2019	Track Hub	Publishing 101: Looking behind the Manuscript at ASM Journals	POM	Jasmine	Wallace	ASM
ASM Microbe 2019	Symposium	Microbiomes of Agricultural and Food Systems	AES	Matthew	Wallenstein	Colorado State University
ASM Microbe 2019	Symposium	Diagnosing Invasive Fungal Infections Using New and Old Methodologies	CPHM	Thomas	Walsh	Weill Cornell Medical Center of Cornell University
ASM Microbe 2019	Cross-Track Session	Cancer Metagenomics: Microbes and Microbiomes	HMB	Marina	Walther-Antonio	Mayo Clinic
ASM Microbe 2019	Track Hub	Fireside Chat with Marina Walther-Antonio, ASM Microbe Speaker	HMB	Marina	Walther-Antonio	Mayo Clinic
ASM Microbe 2019	Symposium	Bench Level Decision-Making	CPHM	Kevin	Ward	UCLA
ASM Microbe 2019	Meet-the-Experts	Cystic Fibrosis Microbiology Updates	AAR	Valerie	Waters	Hospital for Sick Children
ASM Microbe 2019	Track Hub	Shared Platform for Antibiotic Research and Knowledge (SPARK): An Interactive Forum (Developed in Cooperation with the Pew Charitable Trust)	AAR	Charlie	Weatherall	Collaborative Drug Discovery
ASM Microbe 2019	Symposium	Microbial-Global Change Feedbacks	EEB	Nicole	Webster	Australian Inst. of Marine Sci.
ASM Microbe 2019	Symposium	Harnessing Microbial Genetic Diversity to Understand Pathogenesis	EEB	Francois-Xavier	Weill	Institut Pasteur
ASM Microbe 2019	Symposium	Pneumococcal Herd Protection (Supported Jointly by the Bill & Melinda Gates Foundation)	CIV	Daniel	Weinberger	Yale School of Public Health
ASM Microbe 2019	Track Hub	Use of Animal Infection Models in the Evaluation of Novel Antimicrobial Therapies	AAR	William	Weiss	University of North Texas Health Science Center
ASM Microbe 2019	Track Hub	Guess the Resistance Mechanisms	CPHM	Lars	Westblade	Weill Cornell Medicine
ASM Microbe 2019	Symposium	Literature Review	CPHM	Lars	Westblade	Weill Cornell Medicine

<u>Meeting</u>	<u>Session Format</u>	<u>Session Title</u>	<u>Track</u>	<u>First Name</u>	<u>Last Name</u>	<u>Institution</u>
ASM Microbe 2019	Symposium	Communicating Science in the Era of Alternative Facts	POM	Michael	White	Nature, Physical Sciences
ASM Microbe 2019	Track Hub	Fireside Chat with Hazel Barton, Editor, and Select Authors, Women in Microbiology	POM	Natalie	Whitfield	OpGen, Inc
ASM Microbe 2019	Track Hub	Tackling Drug-resistant Gonorrhoea (Developed in Cooperation with GARDP)	AAR	Teodora	Wi	World Health Organization
ASM Microbe 2019	Symposium	Conundrums in Nomenclature of Microbial Pathogens and Clinical Significance	CPHM	Nathan	Wiederhold	UT Health San Antonio
ASM Microbe 2019	Symposium	Microbial Life in Subsurface Environments	AES	Mike	Wilkins	Colorado State University
ASM Microbe 2019	Track Hub	Invasion and Persistence of <i>Staphylococcus aureus</i> : Insights from Genomics	CIV	Daniel	Wilson	University of Oxford
ASM Microbe 2019	Track Hub	Fireside Chat with Brenda Wilson, Author, Bacterial Pathogenesis	HMB	Brenda	Wilson	University of Illinois at Urbana-Champaign
ASM Microbe 2019	Symposium	Recent Developments in the Malaria Drug Discovery, Development and Resistance (Supported Jointly by the Bill & Melinda Gates Foundation)	AAR	Elizabeth	Winzeler	Scripps Institute
ASM Microbe 2019	Track Hub	It Takes a Village: Raising Your Scicomm Voice Within Your Scientific Society	POM	Julie	Wolf	American Society for Microbiology
ASM Microbe 2019	Track Hub	Social Media and Your Career	HMB	Julie	Wolf	American Society for Microbiology
ASM Microbe 2019	Track Hub	Cheese Microbiomes - Diversity, Ecology and Flavor	AES	Benjamin	Wolfe	Tufts University
ASM Microbe 2019	Cross-Track Session	Microbiology Researchers at the Front Lines of Infection Outbreaks	POM	Christopher	Woods	Duke University Medical Center
ASM Microbe 2019	Symposium	Anchoring Microbes to Biogeochemical Function	AES	Kelly	Wrighton	Colorado State University
ASM Microbe 2019	Symposium	Building Collaborative and Cooperative Relationships Inside and Outside of the Hospital	CPHM	Kelly	Wroblewski	Association of Public Health Laboratories (APHL)
ASM Microbe 2019	Symposium	Novel Diagnostics for Pneumonia	CPHM	Richard	Wunderink	Feinberg School of Medicine
ASM Microbe 2019	Symposium	Antibiotic Efficacy in Complex Environments and Cases	AAR	Joao	Xavier	Memorial Sloan-Kettering Cancer Ctr.
ASM Microbe 2019	Track Hub	Tackling AMR in Low and Middle Income Countries	CIV	Yonghong	Xiao	State Key Lab for Diagnosis & Treatment of Infectious Diseases, the First Affiliated Hospital, School of Medicine, Zhejiang University
ASM Microbe 2019	Track Hub	Pharma Pipeline Update: Part I	AAR	Yoshinori	Yamano	Shionogi & Co., Ltd.
ASM Microbe 2019	Meet-the-Experts	Career Opportunities and Journeys into Public Health Microbiology	CPHM	Yang	Yang	Los Angeles Public Health Laboratory
ASM Microbe 2019	Track Hub	Fireside Chat with Marylynn Yates, ASM Board of Directors	AES	Marylynn	Yates	University of California, Riverside
ASM Microbe 2019	Symposium	Impact of Bacterial RNA Degradation on Gene Expression	MBP	Hanna	Yuan	Institute of Molecular Biology, Academia Sinica
ASM Microbe 2019	Symposium	Not Food for Thought: Microbial and Host Metabolism in Infectious Diseases	HMB	Joseph	Zackular	University of Pennsylvania and Children's Hospital of Philadelphia
ASM Microbe 2019	Meet-the-Experts	Enhancing your Science through Industry Relationships	POM	James	Zanewicz	Tulane University
ASM Microbe 2019	Symposium	Diagnosing Invasive Fungal Infections Using New and Old Methodologies	CPHM	Sean	Zhang	Johns Hopkins Univ. Sch. of Med.
ASM Microbe 2019	Symposium	Novel Biological Therapeutics	AAR	Yang	Zhi-Yong	Sanofi Pharmaceuticals
ASM Microbe 2019	Symposium	Finding Waldo: Identifying Patterns and Their Causes in Complex Systems from Guts to Global Oceans	AES	Jizhong	Zhou	Univ. of Oklahoma

Meeting	Session Format	Session Title	Track	First Name	Last Name	Institution
ASM Microbe 2019	Track Hub	Shared Platform for Antibiotic Research and Knowledge (SPARK): An Interactive Forum (Developed in Cooperation with the Pew Charitable Trust)	AAR	Johannes	Zuegg	University of Queensland
