

AMERICAN
SOCIETY FOR
MICROBIOLOGY

Dear _____,

On behalf of the American Society for Microbiology (ASM), we are pleased to welcome your participation in the **ASM Microbe 2025** meeting, taking place June 19–23, 2025, in Los Angeles, California, USA. This premier event brings together leading scientists, clinicians, and researchers from around the world to share groundbreaking discoveries and advancements in microbiology.

While ASM is unable to provide financial assistance to international registrants, we deeply value your potential contributions to the meeting and believe your participation would greatly enrich the program.

We appreciate your interest in ASM Microbe 2025 and look forward to the possibility of welcoming you to this exciting event.

Sincerely,

A handwritten signature in black ink, appearing to read "Robert Tibbetts".

Robert Tibbetts, Ph.D.
Program Committee Co-Chair, ASM Microbe
2025
